

Soviets Run Berlin With Mailed Fist

BY RICHARD KASISCHKE
Berlin, June 2, (AP)—An official report of the British military government said today the Russian occupation zone is a police state where "Soviet ruthlessness" has eliminated virtually all political opposition.

The report said so hopeless has become the position of Germans opposing Russian policies there is "apprehension that nothing short of force will improve conditions."

This report, issued to the Allied and German press, was the most devastating ever made here by one occupying power in criticism of another. It followed by less than a week a British attack in Berlin's Allied Kommandatura on economic conditions in the Soviet zone.

Tortured by Police
The British exposes apparently were designed to take the steam out of Communists' efforts to extend their influence through such maneuvers as a current "people's plebiscite for German unification."

The British said that after eliminating the Social Democratic party in their zone the Russians had reduced the two remaining non-Communist parties (Liberal Democrats and Christian Democrats) to stooges.

"Organized opposition to the Soviet plans has been virtually eliminated and opposition by individuals has become increasingly dangerous," the report said.

"Any isolated cases of resistance which now occur are almost invariably followed by the arrest or flight of the persons responsible for them."

The British said some oppositionists who escaped to Berlin or Western Germany have given medical proof of secret-police torture.

The British report said these methods had reduced German Parliamentary government in the East to a farce. It noted that those who refuse to follow the Communist line are called reactionaries and Fascists.

Cuban Government Candidate Elected

Anti-Red Chosen As New Island President

BY BEN F. MEYER
Havana, Cuba, June 2, (AP)—Senator Carlos Prio Socarras, 44, stepped out to a quick lead in the Cuban presidential race today and promptly claimed victory.

Prio, anti-Communist nominee of the revolutionary party and the government candidate, had a lead of nearly 24,000 votes with less than a tenth of the returns counted. Voting was heavy and there was some violence, but no deaths were reported.

President Ramon Grau San Martin, who endorsed Prio and whose administration promptly became the main issue of the hot pre-election campaign, called Prio "our president-elect." Grau himself was ineligible for re-election.

White House Fails To Settle Dispute Of Railway Unions

Washington, June 2, (AP)—White House efforts to settle the railroad labor dispute "have failed completely," union leaders said today.

David B. Robertson, representing one of three disputing unions, made the statement after union officials had held a lengthy conference at the White House with Presidential Assistant John R. Steelman.

Robertson, chief of the Brotherhood of Firemen and Enginemen, told reporters that Steelman is ending his long attempt to settle differences in the dispute.

Night Life Goes On At Jerusalem Bars While Bullets Whine

BY CARTER L. DAVIDSON
Jerusalem, Tuesday, June 1, (AP)—The night life of the besieged is grim but bravely gay.

It's mostly a Saturday night affair—just like in Indiana—but on other nights, too, Jerusalem's Jews try their best to have a little fun.

Most bars close before sunset, for a variety of reasons, but there are a couple that peddle their wares until midnight or after. The reasons the others close include the drafting of their bartenders and waiters into the army, shortage of liquor, absence of electricity and unavailability of candles—and a lack of customers.

The Eden Hotel, known to most Americans who have visited Jerusalem, still manages to serve a three-course dinner, but without music. The courses last night were clear soup, one sardine on a hunk of matzo (unleavened bread) and a main course of three slices of bully beef canned in Australia and some boiled rice. Desert was a thin piece of jelly roll and a cup of coffee, a little muddy.

The price for all this, and a glass of Palestine wine, was \$4.20.

Dates Walked Home
The Salvia Hotel has less food but the bar stays open. The tipple is brandy, because there isn't any whisky. On Saturday nights the Salvia really rocks and rolls with gaiety—strictly ersatz.

Mortar bombs fall all around and there's gunfire just barely above a Viennese accordionist's rendition of Boogie-Woogie, Viennese style. Jewish commandos on leave sing and get up every now and then to dance the Hora, the Jewish national dance.

The clientele at the Salvia, other than the Israeli fighters, is composed of three or four leftover Britishers, a dozen or so foreign correspondents and a sprinkling from the consular corps. The feminine contingent usually is made up of Jewish girls on their night off from war work.

When the evening is over (and remember this is eyewitness testimony and not a confession) it is necessary to walk a date home (because there isn't any gasoline) and the crump of shells and the whine of bullets is apt to punctuate the midnight conversation.

Big Portage Lake Dragged For Bodies Of Tech Students

Houghton, Mich., June 2, (AP)—Coast guardsmen and sheriff's deputies dragged big Portage Lake here today in hopes of recovering the bodies of two Michigan Tech students believed drowned over the weekend.

Robert M. Fisher of Detroit, and Martin P. Vonk of Grand Rapids, went for a canoe trip over the weekend. Their capsized craft was found in the vicinity of Point Mills.

The state department made a brief joint announcement and expressed hope that the agreements will be formally approved "at an early date" by all the governments involved.

In addition to the U. S., the nations which worked out the agreements in six weeks of negotiations at London are Britain, France, Belgium, the Netherlands and Luxembourg.

The state department said the agreements "seem to offer the prospect of constructive achievement in solving the problems facing us in Germany."

Provisions of the agreement are being held secret until they are formally sent from the London meeting to the six governments.

Ford Ballot Box Stuffing Charged
Detroit, June 2, (AP)—The CIO United Auto Workers investigated charges of ballot box stuffing today in Ford local 600's presidential run-off election.

Witnesses were summoned for questioning by Ken Bannon, National Ford director for the UAW-CIO.

The election at Ford local 600, the UAW's largest with a membership of about 65,000, precedes by two weeks the union's 1948 wage negotiations with Ford.

DRAGGED TO DEATH
Phil Campbell, Ala., June 2, (AP)—A 13-year-old boy died yesterday after being dragged by a runaway mule.

The victim was Jimmy Glasgow, son of Mr. and Mrs. Willard Glasgow. He became entangled in the trace chain after falling from the mule and was dragged about a quarter of a mile.

Scattered combat was reported in Jerusalem and elsewhere in Palestine pending a cease fire time, which the U. N. had not yet set.

The "explanations" specified that any solution partitioning Palestine into Jewish and Arab states has no chance of success. That is the very point over which both sides have been skirmishing since late in November and warring in the open since May 15, when the British mandate ended.

The Arabs also stressed Jewish immigration as a peril and asked to be allowed to cooperate with the U. N. to supervise compliance with the cease fire.

Prolonged debate, during which fighting will continue, appeared to be in prospect.

Budget Of 10 Billion Set Up To Meet Moscow Menace

Flood Boils Toward Sea At Portland

By WILLIAM PHIPPS
Portland, Ore., June 2, (AP)—The Columbia flood crest bore down on the Clatskanie area today in its rampage to the Pacific Ocean. The river lapped less than three inches from dike top and was going higher.

Four hundred civilian volunteers struggled to heighten the nine dikes in the threatened area two-thirds of the way down the 100-mile barricaded stretch between Portland and the sea.

Situation Critical
Behind the hard pressed earthworks is the town of Clatskanie. Its population of about 1,000 has been evacuated. So have residents in other districts of the area.

U. S. Army engineers described the situation in the Clatskanie area as "critical." And it put the same label on five other areas, extending as far upriver as Portland where the crest passed yesterday.

The crush of water seaward meant the worst was over upriver where the toll is 20 known dead, an unknown number unaccounted for in the Vanport disaster, 50,000 homeless and damage in millions of dollars.

The flood crest has passed the major cities—Portland, Oregon's metropolis; and Vancouver and Longview on the Washington side of the state-separating river. These communities, and many others, are trying now to get back to normal.

It will be a long haul. An estimated 10,000 homes were swept away by the rampaging river. The entire city of Vanport was destroyed. Dikes were washed out. Communications were disrupted. Transportation was crippled. Hundreds of square miles lay under a murky shroud of water that will wash away crops and trees.

Housing Big Task
The fight now is against disease, to search for the dead, to bring families back together again, to feed and clothe those who lost everything, to supply temporary housing.

Impetus to the tremendous task came from President Truman. He ordered federal agencies into full speed rehabilitation of the stricken region. Volunteer agencies, local and national, struggled to get their own aid programs going.

The Red Cross and Salvation Army are among the agencies now working to help the victims.

(Continued on Page Two)

Chicago Printers Told That \$9 Pay Offer Is 'Final'

Chicago, June 2, (AP)—The publishers of Chicago's five major daily newspapers used advertising space yesterday to "assure" their 1,500 striking printers that a \$9 weekly wage boost was the "final offer."

In page advertisements, the publishers told the printers the "time for decision" had come, and urged them to take a referendum among the union's membership on the wage offer. The publishers again asked a rank-and-file union reply by June 7.

The offer of a \$9 a week pay raise and "other concessions" was handed the union May 26. It was rejected on grounds that some provisions did not conform with union by-laws.

Boy Suspect Caught In River by Police

Detroit, (AP)—Arrested while driving a stolen car, a 15-year-old boy jumped off the Belle Isle bridge into the Detroit river while police tried to question him Tuesday night. He was rescued uninjured and taken to the Receiving Hospital psychopathic ward.

Arabs See No Chance For Peace With Jews

By The Associated Press
Arab nations accepted with "explanations" today the United Nations' proposal for a four-week armistice in Palestine. The reply made plain the Arab belief there is no chance of lasting peace while the Jewish State of Israel exists.

Israel previously had accepted with "assumptions." One of these was that unlimited immigration, including men of fighting age, should continue during the armistice. The Arabs specified that continued Jewish immigration would constitute a grave threat to the Arab countries.

Scattered combat was reported in Jerusalem and elsewhere in Palestine pending a cease fire time, which the U. N. had not yet set.

SAFE FISHING CAMPAIGN—The Escanaba Junior Chamber of Commerce has launched a safe fishing campaign in the Escanaba area, with the cooperation of the various boat livery operators. Signs will be posted and boat seats will be stenciled with the warning words: Do

Not Stand Up in the Boat! Left to right in this picture are: Donald Guindon, secretary, Junior Chamber of Commerce; Lawrence Girard, newly elected president; and Ernest Conner, engaged in the boat livery business on the Green bay shore and M-35. (Frank Henderson Photo)

Senate To Stretch Out Working Hours

Draft Bill Tagged 'Must' Before Adjournment

BY DONALD SANDERS
Washington, June 2, (AP)—The Senate stretched out its working hours today in a bid to dispose of one of three bills tagged "must" by GOP leaders aiming at a June 19 adjournment.

Acting Republican Leader Wherry of Nebraska said he will hold the chamber in session "quite late" into the night if necessary to dispose of the measure designed to admit up to 200,000 war refugees into this country during the next two years.

That bill, a limited revival of the draft, and extension of the reciprocal trade act beyond June 12 were the only ones posted on an admittedly tentative and incomplete list of measures which top Republican leaders have labeled for definite action.

But Taft, the presidential aspirant who is chairman of the Senate's Republican policy committee, said the GOP leaders who met in House speaker Martin's office late yesterday "ruled nothing out."

The Selective Service bill would provide for the drafting of men 19 through 25 for a two-year period. It would permit youths of 18 to volunteer for one year and relieve themselves of liability under the draft.

Both Taft and Speaker Martin said they had no doubt some such legislation will pass.

Maryland Delegates Pledged to Truman

Baltimore, June 2, (AP)—Maryland's delegates to the Democratic National Convention will vote as a unit in Philadelphia for President Harry S. Truman next month.

The state's 20 convention votes will go to "favorite son" Millard E. Tydings, Maryland's senior senator in balloting for the party's vice-presidential nomination.

That was formally decided at the state convention here yesterday. The delegation thus became the first south of the Mason-Dixon line to be pledged to Truman.

Swamping Of Navy Launch Is Puzzle; 28 Men Are Lost

Norfolk, Va., June 2, (AP)—The Navy has announced that 28 sailors and marines were believed lost in Hampton Roads where a swamped Liberty launch dumped about 90 men into the choppy water.

The Navy released the names last night of 18 sailors and 10 marines unaccounted for after the capsizing of the 50-foot motor launch Monday night about 200 yards from the aircraft carrier Kearsarge.

The Kearsarge and the 11 other ships which comprised a task force were delayed ten hours in sailing because of the tragedy. The task force, carrying a complement of approximately 1,100 second division marines, will relieve a similar force which has been in the Mediterranean since last winter.

The ships, scheduled to sail at 5 a. m., Eastern Standard Time, Tuesday, did not depart until 2:30 p. m. yesterday, the Norfolk naval operating base reported.

The open launch was returning a liberty party of sailors and marines to the Kearsarge when the accident occurred. The sea was choppy, a light rain was falling and a 20-mile per hour wind was blowing in gusts.

James T. Walton, 23, seaman first class, USN, of Springfield, Mo., was coxswain of the swamped launch. He told reporters the vessel's bow "went under the water suddenly due to the big swells."

Captain C. S. Smiley, skipper of

the Kearsarge, said "we are completely puzzled as to the cause of the swamping."

Sixty-five men were rescued by other launches and picket boats which sped to the scene of the accident. Three other men swam the two miles to shore, making a total of 68 accounted for.

Smiley said none of the survivors was injured seriously.

Eighteen who suffered from shock and exposure were confined to the carrier's sick bay as she sailed yesterday.

Chief Crazy Horse Statue Job Started

Sculptor Dedicates Life To Custer, S. D. Project

Custer, S. D., June 2, (AP)—One year and \$81,000 after it was conceived, the statue of Chief Crazy Horse will begin to take form tomorrow at nearby Thunderhead Mountain.

Gov. George T. Mickelson of South Dakota will dedicate the first statue inaugurating work on the memorial to the proud Sioux warrior who spurned the white man's conference table.

Korek Ziolkowski, 39-year-old Boston-born descendant of Polish nobility has dedicated the next 30 years of his life to the completion of the Mammoth project.

The dedicatory ceremonies will bring several hundred Sioux Indians here from the Dakotas, Nebraska, Wyoming and Montana, including five survivors of the battle of Little Big Horn, the Custer massacre.

As envisioned by the sculptor, the memorial will be a gigantic carving in the mountainside, roughly 500 feet high and 400 feet wide. Its central motif will be the chief astride an Indian pony.

Ziolkowski said he had invested the \$81,000 in equipment, which includes a log cabin studio near the mountain's base. There also, he said, will be established a Sioux village, with handicraft turned out by its Indian occupants helping to defray expenses.

Smoke Haze Gives Sun Orange Look

Detroit, June 2, (AP)—Smoke from northern Michigan and Ontario forest fires gave the sun the appearance of a brilliant orange ball today.

Borne by a northeast wind, it turned the otherwise clear air into an amber haze in Michigan, Indiana, Ohio, Illinois and as far as Iowa.

The U. S. weather bureau here said most Michigan cities reported a smoke layer overhead. An airplane pilot flying between Toledo and Archbold, Ohio, said the haze reached up to 19,000 feet.

Peacetime Military Appropriation Bill Largest In History

Washington, June 2, (AP)—A record peacetime army-air force appropriation bill was whisked through the House today and sent to the Senate. The measure provides \$6,599,939,000 for the two services for the new fiscal year starting July 1.

BY WILLIAM F. ARBOGAST
Washington, June 2, (AP)—The biggest peacetime military budget in the nation's history hit the House floor today—\$10,196,672,250 for the army, navy and air force.

The Appropriations committee at the same time released testimony warning of the "alarming menace" of Soviet military might and disclosing that the United States fleet now in the Mediterranean is there for two reasons:

First, to serve as a warning to Soviet Union not to try to overrun any of the free countries of Europe.

Second, to be ready to remove American forces if worst came to worst.

Adm. Louis E. Denfeld, chief of naval operations, told the committee just two years ago that the Mediterranean fleet of one carrier, three cruisers and 10 destroyers could be augmented quickly.

(A 12 ship task force headed by the Carrier Kearsarge left Norfolk, Va., late yesterday to relieve the vessels now on duty in the Mediterranean.)

America Not Fooling
Discussing the use of U. S. ships in foreign waters, Denfeld declared:

"Not only is the presence of our ships in certain troubled spots of the world."

Alabama Democrats Approve Party Bolt

Gov. Folsom Dropped As Convention Delegate

Birmingham, June 2, (AP)—Alabama voters have approved a bolt from the Democratic national convention over the civil rights issue.

They also have decided, and by a wide margin, that Gov. James E. Folsom was not going to the convention as a delegate.

Folsom was a candidate for president in the May 4 primary when he ran tenth in a field of 24 for delegate at large. In the runoff yesterday he was last in a field of seven men contesting for four places.

The governor dropped his presidential ambitions after May 4. Nine of the 11 delegates chosen yesterday were pledged to walk out at Philadelphia in July if a strong civil rights plank is included in the Democratic campaign platform, or if President Truman is nominated.

Alabama's 11 electors—the men who actually cast the state's vote for president—already were pledged against voting for Truman or any other party nominee who approves the civil rights measures.

Garden City Teacher Fired For Cruelty

Detroit, June 2, (AP)—Grey-haired Mrs. Grace Flood, 52-year-old school teacher, was fired today by the suburban Garden City school board.

The school board, in a 3 to 1 vote, dismissed Mrs. Flood after a public hearing on charges she had punished pupils "cruelly and unreasonably."

Her dismissal was effective at the end of school hours today.

Mrs. Flood, who taught the third grade, denied that she mistreated the children. She said she would appeal her firing to the State Tenure board.

San Pedro Refinery Burns After Blast

San Pedro, Calif., June 2, (AP)—Fire which followed an explosion swept through a part of the Union Oil company refinery here.

The plant is one of the largest in the Long Beach-Los Angeles harbor area.

Flames shot several hundred feet into the air and a considerable amount of municipal fire fighting equipment was summoned to supplement the oil company's own apparatus.

Cause of the blast was not immediately determined.

GWINN GIRL HONORED
East Lansing, June 2, (AP)—Miss Ruth M. Marvin of Gwinn, Marquette county, has been named to receive a \$1,000 graduate fellowship awarded by Phi Kappa Phi National Senior Honorary society.

Forest Fire Hazard High In Michigan

BY THE ASSOCIATED PRESS
All of Michigan's forest fires were reported under control today although conditions still were termed "extremely hazardous" by Durward Robson, head of the conservation department field division.

Ontario, Canada, meanwhile, continued to battle a series of blazes in its tinder-dry forests, the most serious being a fire in the Mississagi region north of Blind River, an Ontario lumber town.

The fire, burning for four days, broke out again late yesterday and additional men and equipment were rushed to reinforce a crew of more than 800 weary fire-fighters.

Gwinn Blaze Halted
Robson said the worst fire in Michigan's Upper Peninsula, which consumed 250 acres south and west of Gwinn in Marquette county, now is under control. About 150 men were at the scene of the blaze and equipment used included two pumps, four tractors, four plows and four bulldozers.

Another blaze, which consumed a small acreage west of Lake Gwinn, also was reported under control as of last night.

In the Upper Peninsula to date Robson said, 193 separate fires have consumed 2,700 acres of woodlands.

Seven Brutal Nazis Die For War Crimes

Doctors Convicted Of Prison Tortures

Landsberg, Germany, June 2, (AP)—Seven German doctors and SS (elite guard) officers died on American gallows today for war crimes.

They were convicted of killing and maiming thousands in Nazi concentration camps. Their victims were inmates of the camps.

They were the first to be hanged of 25 Germans sentenced to death by U. S. war crimes courts at Nurnberg.

Four of those hanged were doctors. The court—headed by Judge Walter Beals of the Washington state supreme court—which convicted them said they had perverted their science into a murderous practice on helpless living persons. The other three executed men were SS officers convicted of directing the Nazi "research program."

The experiments described in court included high altitude experiments in which human guinea pigs were crushed and strangled. There also were malaria, mustard gas and sterilization tests which killed many—most of them dying in agony.

Grand Jury Indicts 27 In Horse Race Gaming at Saginaw

Saginaw, Mich., June 2, (AP)—A grand jury today indicted 27 persons on horse race gambling conspiracy charges.

The grand jury of Circuit Judge James E. O'Neill returned the indictments, naming among others Saginaw county undersheriff Ellis E. Johnson.

Also accused of conspiracy to operate handbooks in violation of state laws were Carl (Fuzz) Frammer and Homer (Buck) Hise, alleged heads of a gaming syndicate.

JUNE FIRST
Chicago, June 2, (AP)—The first prospective bride to apply for a marriage license on the first day of June was named June.

Miss June Dae Oberhaier, 20, and her fiancé, John Melchert, jr., 22, a student at Elmhurst college, were waiting outside the license bureau at the city hall before it opened.

Today's News Highlights

U. P. STATE FAIR—Exposition will be held here Aug. 17 to 22. Page 3.

COMMENCEMENT—Closing exercises will be held by Escanaba high school Thursday evening, Page 6.

CENTENNIAL—Big parade will be staged in Escanaba on June 15. Page 2.

DROWNING—Wayne Brunet, 10, loses life in Manistigue river. Page 12.

BIG SPRING—Complain that minnow catchers mar natural attraction. Page 12.

HIGHWAYS—C. G. Bridges starts paving job near Cut River bridge. Page 3.

COVENANT CHURCH—60th anniversary of its founding will be celebrated this week. Page 11.

ORDINATION—Fr. Alban DeGroot will celebrate first mass here Sunday. Page 3.

COUNCIL MEETS HERE THURSDAY

Objections To Building Code To Be Heard

The hearing of objections to the proposed city building code will be included at Thursday's meeting of the Escanaba city council. The meeting will begin at 7:30 o'clock in the council chamber. Barring a barrage of objections, the ordinance presumably will be adopted at the meeting.

Other items of business include the following:
Second reading of the appropriations ordinance for various city departments for the next fiscal year.

Adoption of a resolution regarding the depositing of city funds in local banks.

Hearing of objections to assessments for sanitary sewers in the alley north of Ninth avenue north, between 20th and 21st streets.

Acceptance of insurance coverage on the ore dock property as required by the War Assets Administration.

Consideration of releasing 40 acres of property owned by the Conservation department.

Consideration of sending out water bills on a quarterly basis instead of monthly as present.

First reading of utility rate ordinance.

Consideration of amendments to the zoning ordinance to provide:
1. No residential construction in industrial areas.
2. Requiring fireproof construction in B and E districts, exception residential construction up to two family dwellings.

Presentation of graduation certificate to Bob Clayton for completing planning course.

Setting compensation for members of the board of review.

Briefly Told

Apply For License—Applications for marriage licenses have been made at the office of the county clerk by Glenn J. Thomas and Alice K. Pischel of Masonville; John Kutha and Ella R. Gudwer of Perronville; Ellsworth Carl Pearson and Juanita Marie Soderman of Washington, D. C.

No Drill Tonight—Because of the participation of Company C, 107th Engineer battalion, Delta county National Guard, in the Memorial Day parade and ceremony Monday, the unit will not hold its regular drill at the state fairgrounds armory tonight. The next drill will be Wednesday, June 9.

FIRE DANGER IN FORESTS HIGH

Crews Alerted; Need For Rain Is Acute

The forest fire hazard is extremely serious and all fire fighting crews have been alerted, the district office of the conservation department and the local headquarters of the U. S. Forest Service reported this morning.

No fires have been reported of any consequence in Delta county but a fire burned over 200 acres in the old Kates settlement in Marquette county yesterday and today. The fire was brought under control this morning.

A fire of 50 acres in the National Forest near Raco was reported by the U. S. Forest Service. The fire the largest of the season in the Marquette forest, occurred over the weekend.

Unless heavy rains arrive in the next day or so, the danger of forest fires is certain to grow more acute. All sportsmen and others travelling through wooded areas or driving on highways through forest lands are cautioned to be extremely careful in disposing of cigarette and cigar butts, tossing away matches or in watching campfires.

In 1945 California led all states in per capita retail sales with an average of \$752 per resident.

Bostrum Suffered Broken Vertebra In Plane Crackup

Further examination of X-rays taken of Curt Bostrum, 20, of 825 Washington avenue, injured in the small plane crackup at the Escanaba airport Sunday, revealed that he suffered a broken first lumbar vertebra and will be hospitalized at St. Francis hospital for several weeks.

Bostrum is one of three men injured when a plane piloted by Russell Mallette, 30, of Centerline, Mich., nosed in the ground just off the south end of the north-south runway after its engine failed at takeoff about 75 feet off the ground. In addition to Mallette, Carl Franzen, 60, of Escanaba, suffered minor injuries and lacerations.

Mallette required only first aid treatment, and Franzen remained in the hospital Sunday night and was discharged Monday.

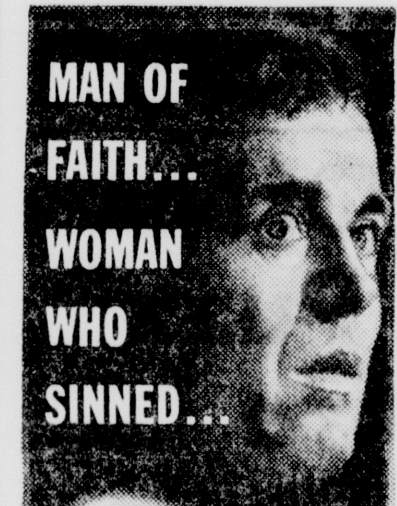

The picture of the airplane crackup which appeared in the Tuesday edition of the Escanaba Daily Press was taken by Gordon Sullivan, 1014 1/2 Second avenue south. Sullivan took several pictures shortly after the accident occurred.

Mr. and Mrs. Mallette flew here from Detroit to visit Mrs. Mallette's parents, Mr. and Mrs. Carl Franzen, and also her sister and brother-in-law, Mr. and Mrs. Gordon Sullivan.

BIG PARADE TO BE STAGED HERE

Plans Made For June 15 Celebration

A colorful parade will be staged at 2 o'clock Tuesday afternoon, June 15, as a feature attraction of the C&NW-Swedish Pioneer centennial celebration in Escanaba.

Fred Johnson, who was chairman of the Hiawathaland Festival parade last July, will direct the preparations for the June 15 event.

The parade will consist of

floats depicting the history of the Chicago and North Western railway and the settlement of the Middle West by the Swedish immigrants, Prince Bertil of Sweden will ride in an open car at the head of the procession.

Bands, various Swedish organizations, Boy Scouts and other groups will march.

Industrial and commercial concerns planning to enter floats in the parade may obtain information from the Escanaba Chamber of Commerce.

Ceramic tile is named after Keramos, the patron of potters in Greek mythology.

In 1940 about 45 per cent of U. S. dwelling units had no private bath or shower.

BIDDING BRISK AT LAND SALE

Auction Of State-Owned Properties On Today

The sale of state-owned lands in Delta and Schoolcraft counties was expected to end this afternoon

at the court house in Escanaba, with the auction well attended and the bidding brisk on properties in both counties. H. S. Gibbs, Lansing, of the conservation department lands division, conducted the sale.

Totals on the amount received at the sale were to be available this afternoon. The bidding indicated that the total would be high. Proceeds from the sale are returned proportionately to the townships, school districts and the county.

The land auction here was the first of a series to be held in the Upper Peninsula. At the sale today 1,272 acres in Schoolcraft county and 2,160 acres and 21 lots in Delta were offered.

Tomorrow Gibbs will conduct a sale of state-owned land in Menominee, and on Friday at Iron Mountain. Other sales are scheduled for other counties on Saturday at Bessemer and in other communities next week.

The famous Servel Gas Refrigerator
**STAYS SILENT
LASTS LONGER**
because it freezes with no moving parts

Now you can get the famous Servel Gas Refrigerator that more than 2,000,000 owners say stays silent, lasts longer. In its different, simpler freezing system there are no moving parts. No valves, piston or pump. No machinery that can wear or get noisy. Just a tiny gas flame does the work.

New and greater, the famous Servel Gas Refrigerator is your best investment in convenience, too. Come see the wonderful new silent Servel Gas Refrigerators now on our showroom floor.

CHECK FOR YOURSELF

- ✓ Big frozen food compartment
- ✓ Plenty of ice cubes in trigger-release trays
- ✓ Dew-action vegetable fresheners
- ✓ Plastic-Coated shelves adjustable to eleven different positions

A TINY GAS FLAME TAKES THE PLACE OF MOVING WEARING PARTS

FINE PROGRAM AT STATE FAIR

Exposition Will Be Held Here Aug. 17-22

An outstanding program of entertainment has been scheduled for the Upper Peninsula State Fair at Escanaba Aug. 17-22, it has been announced by Harold P. Lindsay, secretary-manager.

The fair will open Tuesday, Aug. 17, with the famed Randolph and Gertrude Avery revue, "State Fair Follies", which last season played in Hawaii and the Far East, plus a variety of outstanding hippodrome acts. The revue and the hippodrome show will be presented Tuesday, Wednesday, Thursday and Friday evenings.

On Thursday afternoon, Aug. 19, national championship big car automobile races will be presented under the direction of Frank R. Winkley, of Minneapolis, head of Auto Racing, Inc., supervising organization for the national championship contests. Many of the world's fastest automobiles and most famous drivers will appear on the program.

The lightweight horsepulling contest will be held Friday afternoon, Aug. 20, along with the 4-H parade and the hippodrome show and the heavyweight horsepulling contest is a schedule for Saturday afternoon, Aug. 21, with the WLS national barn dance group. The WLS troupe also will be featured Saturday night.

On Sunday afternoon and evening, the daredevil Jimmy Lynch crash experts will present their thrill show in front of the state fair grandstand.

Numerous other entertainment features are being scheduled for the fair, which promises to be the most outstanding in the history of the exposition.

Two EHS Boys Will Attend Boys State

Two Escanaba senior high school students, Dale Jackson and Pat Farrell, have been named to attend the annual Boys State to be held June 17-25 at Michigan State college, in East Lansing.

Jackson is a junior and Farrell a sophomore in the high school. They will be among 1,000 students from Michigan participating in the program designed to develop good leadership and citizenship. All expenses of the two boys are paid by the American Legion Post of Escanaba.

Value of the United States Capitol building and grounds is estimated at \$25,400,000.

SIESTA — There's nothing the matter with Billy, the horse. He just got tired and decided to have a siesta in a Surrey Hills, Australia, street. J. Jones, his owner, sits patiently on the curb. Jones says six-year-old Billy has taken time out for a rest before, and when he gets the urge there's just nothing to do but wait him out.

Fr. Alban DeGroot Offers First Mass Here Sunday

Father Alban John DeGroot, S. D. S., son of Mr. and Mrs. Henry DeGroot, of Northland, whose ordination to the priesthood is taking place Friday at St. Nazianz Seminary, St. Nazianz, Wis., will offer his first solemn mass at St. Joseph's church in Escanaba Sunday morning, June 6, at nine o'clock.

The first mass will be followed by a breakfast at 11 o'clock in St. Joseph's parish hall and a reception from 1 to 3 p. m. with Benediction offered by the newly ordained priest at 3 p. m. In the evening at 6 o'clock a dinner honoring him is being served at the family home in Northland.

Father DeGroot, who is the third member of his family to enter the religious life, was born in Northland, and attended school there. He began his theological studies at the Salvatorian Seminary at St. Nazianz, later studied in Washington, D. C., and completed his course at the Divine Saviour Seminary in Lanham, Md., from which he was graduated this month.

He will be ordained Friday by His Excellency, the Most Rev. Stanislaus V. Bona, D. D.

Present for the first mass will be his parents, his two sisters, who are nuns, Sister Alma, of Detroit, and Sister Oda Marie, of Milwaukee, and a brother, Joseph DeGroot, of Northland.

KEEP PANES PUTTIED Don't let the putty in your windows harden and fall out. Not only will there be danger of the glass breaking but air will be let in around the panes and the wood will rot.

Argentina is estimated to contain 200,000 square miles of valuable forests.

"Rented the first day" said Smith.

PLAN SHRINE AT MACKINAC

Fur Company Store To Be Restored

Lansing (AP)—Plans for a medical shrine on Mackinac Island where Dr. William Beaumont began his famous "stomach window" experiments were announced Sunday by the Mackinac Island state park commission.

The commission said it would sponsor a public subscription campaign to raise \$30,000 for the restoration of the 1822 retail store of the American Fur Co. The property was bought in 1942 with funds from the Parke Davis Co. of Detroit.

A shooting accident in the store in 1822 brought medical care to the island.

Shot In Stomach On that day, Alexis St. Smith, a French-Canadian, was shot in the stomach. Dr. Beaumont, an army officer, treated the young fur trader. Later, when a flap in St. Martin's stomach failed to heal, Dr. Beaumont discovered he could observe the workings of the stomach. Thus for 11 years he kept the wound open and studied the processes of digestion.

Gov. Sigler will serve as honorary chairman of the committee for restoration of the building. Other members will be W. H. Doyle and Joseph H. Thompson of the commission. State Treasurer D. Hale Brake will be trustee for the funds raised and representatives of the medical profession will be selected by the Michigan Medical society.

Briefly Told

Barber Shop Quartet—Regular business meeting and chorus rehearsal of the Barbershop Quartet Society will take place tonight at eight o'clock, Elks Club, second floor. All interested men invited.

Commandery Meetings—Escanaba Commandery, No. 47, Knights Templar, will meet at 7:30 o'clock Thursday evening at the Masonic Temple. The order of the Red Cross and the order of Malta will be given a group of candidates. The Ladies' Auxiliary will meet at the same time and a social hour during which lunch will be served will follow the meeting. The order of the Temple is to be conferred at a special meeting Saturday evening at 7:30 o'clock. Lunch will be served at the degree work.

Robert C. Lied Named to Head Alchemist Club

Robert C. Lied, son of Mr. and Mrs. Kenneth Voght of 318 South Ninth street, has been elected president of the Alchemist club at the University of Alabama, it was learned here by his parents.

Robert Lied is a veteran of three years with the Army during World War II and spent six months in the European Theatre of Operations, where he was wounded during the Battle of the Bulge. He is married and is a junior in the University of Alabama at Tuscaloosa.

Mrs. Lied is secretary to the dean of the university.

START PAVING AT CUT RIVER

Bridges Begins Work On Contract

C. G. Bridges, Escanaba contractor, this week began the construction of 4,802 miles of pavement on the relocation of US-2 east and west of the Cut River bridge in Mackinac county, and the project is scheduled to be completed by Sept. 15.

Cost of the work is \$260,336.35. The paving will close the last unpaved gap on US-2 between Escanaba and the Straits of Mackinac and open to the public a shoreline area of great scenic beauty. Near the center of the paving project is the Cut River bridge, highest highway bridge in the Upper Peninsula. Another paving project starting this week is 5.6 miles of US-41 M-28 west of Nestoria in Baraga county. The contractor is Bacco Construction company of Iron Mountain and the cost will be \$354,204.96.

J-C's Launch Drive For Safe Fishing

THE Escanaba Junior Chamber of Commerce is doing an excellent public service in its campaign for safety in fishing. The job that the organization has undertaken to do is an important one—and one where considerable public education is required.

It would be reasonable to assume that the recent drowning at Masonville, the result of a fisherman standing up in a rowboat, would serve as a grim warning to others who may fail to appreciate the dangers of this practice. And yet in one popular fishing area Monday we noted no less than a half dozen fishermen casting from an erect position in rowboats far out in the bay. True enough, the water was comparatively calm but the sudden shift of any of the other passengers in the boats would set the stage for another tragedy.

There is no such thing as a safe standing position in a rowboat, whether the water is calm or rough. The Junior Chamber of Commerce has undertaken a big job in seeking to impress this fact upon all persons attracted to local fishing waters by the walleye run.

Of all the boats we saw in the bay in this one fishing area Monday, few were equipped with life preservers. In fact, it is doubtful that there was an average of one life jacket, belt or preserver of any kind, for each dozen fishermen out in the bay.

The Junior Chamber of Commerce has a job to do in this regard, too. Fishing will become really safe only when fishermen fully realize the inherent dangers that lurk in rowboats and take proper precautions against such dangers. A minimum safety program certainly includes the necessity of having available in every boat a life jacket or life preserver of suitable quality for every person in a boat.

Czechs Show Protest

DESPITE a vigorous campaign conducted by the Communist government of Czechoslovakia against the casting of blank ballots in Sunday's parliamentary elections, an unusually heavy percentage of such ballots showed up, the only means available to the Czech people to show their opposition to the Communist regime.

The exact number of blank ballots cast will probably never be known because in areas where the percentage was extremely high, as in Prague, the tabulators were told to quit their chore and that the job would be completed by the interior ministry. The purpose of this move obviously was to juggle the final figures.

The Communists, of course, won the election because the people had no choice of candidates. They either voted for the Communist slate, the only ticket on the ballot, or they cast a blank ballot. Government watchers were on hand to discourage protest votes.

This is the typical election system in Communist dominated lands. When the election is over, the Communists shout about how the people have supported the Communist government—while the secret police rounds up the "traitors."

In a free election the Communists would surely have been given a decisive defeat in Czechoslovakia, where democratic principles were deep rooted. But once the iron hand of Communism takes command, all vestiges of personal freedom and individual rights are suppressed.

In view of these circumstances it is significant that the number of blank ballots cast in the Czech election was so heavy. It shows that the Communists still have a big job to do in subjugating the Czech people.

The Tragedy Of Vanport

THE tragedy of Vanport, Oregon, war-built suburb of Portland, emphasizes the terrible error of establishing for the purpose of convenience a city where a geographical hazard would dictate none should exist. Vanport was wiped out Sunday with untold loss of lives when the swollen Columbia river smashed through dikes built to protect the community.

Vanport was a government-subsidized city, built in the early days of the war at a cost of \$26,000,000 to provide housing for workers in Henry Kaiser's shipyards. The city was built on 647 acres of lowland north of Portland and at one time it housed nearly 40,000 people.

The terrible tragedy of Vanport, bad as it is, would have been extremely worse had it occurred a few years earlier. When the community was wrecked by flood Sunday, its population had dwindled to 18,700. From the day it was conceived to the day of its death last Sunday, Vanport was constantly at the mercy of the Columbia river, its sole protection being the dikes that were built for the protection of its inhabitants.

Only hours before the dikes broke, with out warning, spilling 15 feet of water through the city, the people of Vanport were advised by the Portland housing authority, which controlled Vanport, that

there was no danger and that if the flood situation worsened they would be given ample time to evacuate the city. The warning came when it was too late—after the dikes caved under the mighty pressure of the swollen river. Many persons—the actual number probably will not be known for a week or two—died because they were trapped in their homes, or in churches, or at playgrounds.

The victims of Vanport were killed by the stupidity of those who chose such a location as the site of a new city.

Thirty-Four New Ones

AN agricultural department bulletin says that 34 new varieties of potatoes have been made available to American growers in the past 15 years. The most widely grown of these is probably the Katahdin, with more than three million bushels of seed certified in 1946. The Chippewa is next, with two million bushels, and the Sebago, with one and one-half million.

Katahdin went over well, with its high marketing quality, ease of growth, and considerable freedom from disease. The Sebago variety shows resistance to more diseases than any other widely grown kind. The Huoma, another new variety, is getting a good try-out in Minnesota. Mark Thompson, director of the Northeast Experiment Station near Duluth, reports that it is doing well on low grade potato soil near Lake Superior. The Huoma is a reddish-colored potato.

Another new kind is the Pawnee, which is producing comparatively well on Northern Minnesota soils. Wise growers everywhere avail themselves of growing and other information recorded and available at their nearest experiment stations in Michigan, Wisconsin and Minnesota. The last word in potato growing is far from being uttered. New ideas as well as new varieties are coming out right along, and they can be had for the asking, in Michigan, from Chatham and East Lansing, or from the nearest county agent.

Other Editorial Comments

SWEDISH CENTENNIAL

Our upper peninsula of Michigan owes much to the Swedes who began coming to this country in numbers about 1840. They worked with the great forests, they labored in the mines and on ships, they had a big share in the development of our agriculture and industry and they have been admirable citizens, contributing actively to civic life. So splendid has been the record of the Scandinavians in the Midwest that Wisconsin, observing its centennial as a state and sending friendship vessels to the Nordic countries, is seeking more Scandinavian immigrants to help it in its second century as its pioneers did in its first. The Midwest will honor its citizens of Swedish ancestry next month. Prince Bertil of Sweden and a company of his illustrious countrymen will visit the Midwest. They will be in Escanaba on June 15 for the peninsula's tribute, in which Menominee city and county persons of Swedish descent will participate. It will be a happy occasion and an opportunity for the New World to speak its thanks to the old for cultural heritage and for friendship through a century.

OF COURSE IT IS HERS

Shall an engaged girl who is given a \$600 ring, and who thereafter buys herself a trousseau and household linens and submits to showers and undergoes the emotional upheaval which is usual at such a time, and who, a few days before the wedding is told by the man in the case that the wedding is off, be required by law to return the ring?

Dingeman, J., for the Court of Common Pleas in Detroit, rules, in a suit for recovery, that she is not. We believe this is good law and good sense, and that the fellow who took the run-out powder has a lot of nerve to contend otherwise.

The 1948 Donut Queen was picked from 100 contestants—leaving 99 other girls in the hole.

When learning to drive, be careful—or be thrown on more than your own responsibility.

Take My Word For It . . . Frank Colby

ARE YOU GUILTY OF TAUTOLOGY? If you are guilty of tautology, don't feel bad about it, for practically everyone is in the same boat.

Tautology means, "the use of synonymous words in repeating the same thought." Such expressions as these are tautologous: each and every one; identically the same; actual fact; he wrote an autobiography of his own life (an autobiography is "an account of a person's life written by himself"); try an experiment (all experiments are trials); repeat that over again; in any shape or form.

Now, we plain people are not the only ones who are guilty of tautology. Here are some notable examples from the works of professional writers:

London Times: "lonely isolation. . . which distinguishes them apart from one another. . . the ship in appearance looked damaged. . . but that, however, is not hard. . . a joint partnership between the two powers. . ."

Dickens: "Miss Fox was often in the habit of. . ." (the word "often" is unnecessary). "Notwithstanding which, however, poor Polly embraced them all round" (the word "however" is unnecessary).

Clumsy: "She sang 'A Perfect Day' as a vocal solo."

Better: "She sang 'A Perfect Day.'" Clumsy: "He was in command of a naval warship."

World Events Analyzed

BY MARQUIS CHILDS

Washington.—A new British ambassador is taking over in the big red brick mansion that was designed by Sir Edwin Lutyens

Childs

to house his Britannic majesty's envoy to this country. Forty - three years old, Sir Oliver Franks, who has never held a prior diplomatic or political post, faces at the moment of his arrival a grave crisis in the relationship between the two countries.

In the hope that it may be averted or somehow miraculously solved, there is a tendency on both sides of the Atlantic to say little about it. But this head-in-the-sand attitude cannot hide the seriousness of what is happening and, even more important, what can happen.

PURSUED SEPARATE POLICIES

The basic error is that the two countries have pursued separate and often competing policies, just as though the peace and stability of the world did not depend on a decent, practical working relationship between the two powers.

The British, in the Middle East, have gone right on playing the old-fashioned game of power politics. They have behaved as though nothing had happened since 1914. The game of pitting sheik against pasha, and pasha against sheik, could therefore be pursued in the merry old way.

The U. S. has followed first one line and then another line, the end result being a kind of irresponsible zigzag, with first one side irritated and angry and then the other side thrown into a frenzy. To many looking on from outside our borders, U. S. policy has seemed to be directed frequently by the expedience of domestic politics and at other times by so-called realists urging the need for oil reserves.

There have been some who have foreseen the disaster to which all this could lead. One was Lord Inverchapel, the retiring British ambassador who is returning to his Scottish estates after more than 40 years spent in the capitals of the world.

A long-time friend of Dr. Chaim Weizmann, the extraordinary genius who is now president of Israel, Inverchapel clearly foresaw where British policy was leading. He could, however, do little to alter that policy beyond the warnings that were contained in his urgent dispatches to the foreign office in London. It was a peculiarly difficult and unhappy position for a skilled diplomat who, in the war years, had seen in Chungking and Moscow the horror growing out of the errors and follies of another time.

EMOTIONALISM INVOLVED

The fact is that British Foreign Secretary Ernest Bevin has an emotional fixation on the whole question of Palestine. He cannot see it with any detachment. And this same emotionalism is reflected in important segments of British public opinion. A matter of timing comes in here that worries responsible policy-makers.

Because, after lengthy hearings and extended debate, both Houses of Congress adopted the European recovery program, most people have assumed that that business is out of the way. But not at all. Under the powers he has taken unto himself, Chairman John Taber of the House appropriations committee has held more than a dozen of separate hearings on ERP. The Senate appropriations committee is also holding separate hearings.

Whether they will attempt to cut the total of \$5,300,000,000 authorized by Congress for European recovery is a question. Any cut in the amount will interfere seriously with the main objective of the program, which is the recovery of western Europe.

It is just here that the issue of Britain and Palestine comes in. The propaganda is growing to prevent funds from going to the British which they might use to send arms to the Arabs in the Middle East.

This is likely to find expression on the floor when the debate on the appropriation begins. It might well coincide with the economy plans of Taber and others. It would be coincidental also with an isolationist, anti-British bias from other quarters.

The consequence, it should be recognized now, could be ruinous to the entire European recovery program. Communism alone would gain, which is why joy among men in the Kremlin must be unconfined at the potentialities of the Palestine war.

London and Washington must quickly come to an agreement. That is the first task of the new ambassador. The present drift, with surprises and recriminations from both capitals, is wicked folly, risking all the hopes for a stable and decent world.

Better: He was in command of a warship.

Clumsy: "They were united in the holy bonds of wedlock by. . ."

Better: They were married by. . .

Let's learn a new word.

Several readers have been seeing the word paraplegic used in connection with wounded veterans and have asked for an explanation. The word paraplegia means paralysis of the lower half of the body on both sides, caused by injury to or disease of the spinal cord. Paraplegia is pronounced: par-uh-FLEE-jee-uh ("par" as in parent).

Paraplegic is "one who has paraplegia." Pronounce it: par-uh-PELJEE-ik.

If you have difficulty in constructing orderly sentences, Mr. Colby's leaflet, C-14, "The Parts of Speech," will help you. It tells you how to slamsy each word.

To obtain a copy send 5 cents in coin and a stamped, self-addressed envelope to him, care of Escanaba Daily Press, P. O. Box 99, Station G, New York 19, N. Y.

Brass

Good Evening

By Clint Dunathan

PLANES AND MINK.—Over at Cedar Lake, Wis., a mink rancher named Paul Brady has threatened to shoot at the next airplane that "buzzes" his mink farm.

Brady said that he has lost more than 200 baby minks because of low-flying planes.

The threat to shoot at the next low-flying plane has been heard in some quarters in the Upper Peninsula this spring. Mink ranchers should count up to ten before they pull the trigger, because if they shoot and kill they will likely be prosecuted for murder, convicted, and spend a considerable number of years thinking of the joyful days they spent raising mink.

REGULATIONS.—Because we wanted to find what, if any, laws or regulations the low-flying pilot might be breaking we talked with Fred Sensiba at Escanaba city airport.

Briefly, here are the regulations of the present:

1—CAA (federal) regulations require that pilots fly at not less than 1,000 feet over cities except when landing or taking off, or at an altitude sufficient so they can ride safely over the populated area.

2—Another regulation requires that pilots fly at an altitude so they will not endanger life or property.

3—A state regulation requires that they fly not lower than 500 feet.

UNSETTLED.—Right now the feud between pilots and some mink ranchers is close to the legal shooting point, with at least one mink rancher declaring to officers that he was going to have the law pounce on a pilot.

Whether he will do this is problematical, since it would be difficult to obtain a conviction under the present statutes.

For the good of both parties, however, it would be well if the matter were settled once and for all.

VIEWPOINTS.—From the standpoint of the mink rancher, the low-flying pilot is doing a reprehensible act. And particularly if that pilot should "buzz" the mink ranch. For it is the nature of the mink to fly into a frenzy when any loud or unusual noise disturbs them, and in this frenzy the mother mink is more than likely to destroy her young.

Some mink ranchers also claim that loud and unusual noises will cause a female mink to become barren.

The position of many mink ranchers is stated in the words of Paul Brady of Cedar Lake:

"Mink farming is my means of livelihood. If a pilot should dive his plane at a flock of sheep or cattle, he would hear plenty the damage in such tactics over a mink farm is just as serious. That is why we intend to take a shot at the next sky bird who thinks nothing of killing off a few mink kits."

AND THE PILOT.—The pilot of an airplane, unless he is deliberately looking for an opportunity to "buzz" a mink farm, would fly low over such a place only by accident. And we doubt that pilots "buzz" mink farms on purpose, for they would have nothing to gain thereby and

INTO THE PAST

Ten Years Ago

Gladstone.—Chester Oathout! has returned to Detroit after spending several days here with his parents, Mr. and Mrs. Frank Oathout.

Manistiquette.—Mr. and Mrs. Elmer Nelson, Mrs. Victor Dahl and Alfred Cook have been called to Marquette by the illness of Connie Perkins.

Held.—Miss Jean Stephenson left Monday with Mr. and Mrs. Earl Bowen to spend the summer in Chicago.

Escanaba.—John McCarthy, jr., Mr. and Mrs. Frank Richel and daughter Betty and son Francis have returned from Milwaukee where they visited William McCarthy, a student of Marquette University, and other relatives and friends.

Escanaba.—Mr. and Mrs. W. R. Smith have returned from an extended ocean cruise to South and Central America, and on the Pacific coast. Enroute home they visited friends in Long Beach, Calif.

Escanaba.—Mrs. F. W. Hunt and daughter Carol have returned from Fort Sheridan, Ill., where they were called by the serious illness of Capt. Kenneth Patton.

Escanaba.—Miss Janet Owen has been elected treasurer of Kappa Iota sorority in Alma college.

Manistiquette.—Dr. H. L. Mead who has operated a dental office in Manistiquette for the past six years, has sold his practice and office to Dr. H. H. Powers of Caro, Mich., and is leaving to establish a practice in Menominee.

would bring the name of all pilots into disrepute.

Airplane pilots are no different than any other class of people. In general we have found them to be tolerant, friendly and men of good will.

In their defense if they need defending we might point out that several score mink ranches are located within a couple hours flying time of almost any airport in this northern area. Many of these mink ranches are well concealed by trees, so that a pilot flying above would not know whether a mink ranch was there or not. The number of persons raising mink is increasing, and what may have been only a cottage in the woods last year, is this year a mink ranch.

Pilots also have the problem of noisy motors on their planes, for many of the planes now traveling the airways are army surplus jobs with a motor that can be heard for miles. Flying one of these at even a thousand feet, under certain conditions, can sound to the man on the ground like a plane at tree-top height.

NO SHOOTING.—Within the past few weeks two Delta county mink ranchers have reported that planes flew low over their places, and that the female mink killed a number of their young. One rancher has so far been unable to identify the plane that "buzzed" his farm, while the other rancher told sheriff's officers he knew the plane and wanted to swear out a warrant. There have been no arrests in either case, indicating that it takes fairly evident proof before prosecution can be started.

In any event, the mink raisers should hesitate before they shoot. What would be helpful would be large identifying markings near the ranches. Seen from above, these markers would warn the pilots against flying low in that area. But shooting? That never settled any controversy.

Roving Reporter

By Hal Boyle

New York, (AP)—Do you feel crowded?

Well, no wonder. You are getting crowded.

Every third breath you take somebody's born in the United States. But go on and breathe. If you hold your breath an hour, it wouldn't cut down the population except by one.

And that wouldn't help either. The cemeteries are getting crowded too. Practically every thing's crowded. Cities, stores, offices, buses, trains, hotels, garages, bars, houses, streets, sidewalks. Even some churches. And all divorce courts.

About the only people today who complain they aren't crowded are night club or movie house owners.

Mostly it's the people. But cattle, milk cows, hogs, airplanes, cats, dogs and motor vehicles are also to blame. They all take space—and there seem to be more of them coming along all the time.

But it isn't the horse's fault. There were 26,493,000 horses and mules down on the farm in 1915. Last year there were only 10,024,000. And while the value of everything else went up, the average price of these plow-pulling oat-burners dropped from \$66.90 to \$55.40. Nobody wants to trade his kingdom for a horse these days.

But to get back to what's really crowding us:

In 1790 the population was 3,929,214, and the only folks complaining about being crowded were the Indians. They have the same squawk today. They're just like prices—increasing, too.

Let us skip to the golden year of 1900.

There were then 75,994,575 people—look what Columbus started!—59,739,000 cattle, 16,544,000 milk cows, 48,105,000 sheep, 51,055,000 hogs, 20,995,000 horses and mules, and only 4,192 automobiles.

But today, ah today! Look who's showing whom: There are an estimated 145,000,000 people competing for elbow room with 81,058,000 cattle, 26,100,000 milk cows, 38,571,000 sheep (non-human), 56,901,000 hogs, 10,024,000 horses and mules—and 34, 373,062 (1946 census) automobiles, trucks and buses.

Where can you go to get away from all this crowding? It's hard to say. Even women and children aren't being spared. In 1941 there were only 247 cases of triplet births and three of quadruplets. In 1944 the triplet cases jumped to 286 and the quadruplets to 8.

The center of population may provide a key. In 1790 it was 23 miles east of Baltimore, in 1940 two miles southeast by east of Carlisle, Ind. But next year it may be a mile west of Los Angeles or ten miles north of expanding Houston, Tex.

The deserts of New Mexico hold a solution—but it's merely temporary. It is the fourth least densely populated state—44 to the square mile—but its birth rate of 27.7 per thousand citizens is far and away the highest in America.

Perhaps the best answer is to get that place in the country. There were 30,546,911 people on farms in 1930, only 27,550,000 in 1947.

But you'll have to hurry. There were 6,812,350 farms in 1935. In 1945 there were only 5,859,169.

That is still 5,859,169 more farms than the average New Yorker wants to live on. He'd rather be crowded.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—Prior to the Wisconsin primary, in which General MacArthur's presidential ambitions took their severest jolt,

no Democratic leaders were enthusiastic about MacArthur's return to the U. S. A. Since Wisconsin, however, they feel differently.

Shortly before the Wisconsin balloting, Joe Keenan, who has patriotically spent two long years in Japan prosecuting war criminals, made a personal report to the

White House. During the visit, Keenan told President Truman about a conversation he had had with General MacArthur in Tokyo.

"No hero's return for me," Keenan quoted MacArthur as saying. "If the president sends for me, I'd park my plane at the National Airport, drive to the White House, report to the president and then fly back to Tokyo immediately."

President Truman, greatly interested, remarked that if he thought that was what MacArthur would really do, he was tempted to send for him right away.

Note—More recently President Truman has sent word to MacArthur advising him that he is welcome to return to the United States any time he chooses, if he wants to return and if he feels his absence from the Orient will not endanger our interests there. However, the president has made it clear to MacArthur that he will not exercise his authority as commander-in-chief to order him home.

G. O. P. NEPOTISM

When Congressman "Runt" Bishop of Illinois heard that a cripple, Lonnie Franklin, was being fired as Democratic House doorkeeper in order to create a job for the so not Congressman Leo Alle, also of Illinois, Bishop remarked:

"I would have fired Lonnie long ago. I understand he's a Democratic committee-man in South Carolina."

What Congressman Bishop didn't know was that the crippled doorkeeper had been doing odd jobs for Bishop without pay. On that very day he had taken home 7,000 envelopes to address for the Illinois congressman after hours.

SECRET NERVOUS LOBBY

A mysterious organization, called the Foundation for Economic Education, has set up a vigorous lobby aimed at wrecking the European Recovery Program. It is now busy entertaining congressmen, writing statements for them and printing tons of propaganda.

Brains behind the movement is Leonard Reed, brought to Washington last month by New York's Republican Congressman Ralph Gwinn. Reed started off with a dinner, attended by about 35 congressmen, at the fashionable Statler Hotel. He has now organized a spearhead of isolationist congressmen who are trying to block appropriations for Europe.

Several other dinners have been held, but Reed has kept discreetly in the background. His contact man is Percy Graves, former assistant to Sen. Owen Brewster, who now makes Gwinn's office his headquarters.

The congressmen working with the isolationist lobby include John Phillips of California, A. L. Miller of Nebraska, Howard Buffett of Nebraska, Max Schwabe of Missouri, Lawrence Smith of Wisconsin, Frederick Smith of Ohio and Daniel Reed of New York. All have made speeches and issued statements containing identical paragraphs. The material is prepared for them by Reed, mimeographed by a stenographic service and delivered to them by Graves. Reed also has furnished several thousand pamphlets for the congressmen to mail to their constituents.

DEEP JOHN L. LEWIS

Deep and devious are the ways of John L. Lewis.

The other day a little noticed news item appeared in the papers. It said that Ray Edmundson, formerly of United Mine Workers' District 12, Illinois, had been given a job as director of the Kansas City office of District 50.

To the average reader this meant nothing. To coal miners it meant that John L. Lewis was taking back to his bosom his worst miner enemy. And to inside politicians it meant even more—that John L. Lewis was brewing high-powered political medicine, probably had picked his Republican candidates for president and vice-president.

Ray Edmundson used to be John L. Lewis's right-hand man in Illinois. Later he broke, and Edmundson tried to run against Lewis for the UMW presidency. John L., however, permits no opposition to his rule, and Edmundson was kicked out of the convention hall.

IDEAS ABOUT LOVE CHANGE

Ruark Admires Honesty Of Mrs. Lawler

BY ROBERT C. RUARK
New York—I try to keep a close eye on the ladies, chiefly for their own good, and I am about to give up on them. As June bows in, it's hard to feel very orange-blossomy. The girls have certainly been acting unmaidenly of late honest to Betsy.

I admire the honesty of the divorced lass in Rockville Centre Long Island, who calmly inserted a "Wife for Sale" ad in the local paper, offering herself as a bride to any guy who could show up at the altar with 10 grand and a thin gold band in his fist. Mrs. Dorothy Lawler just said candidly that she was tired of trying to make ends meet, what with two kids and all, and she was shopping for a guy with cash in the kick. If he was young and pretty, fine. But the lady made it bitter-

ly plain that she was primarily interested in dough.

You have to go for the candor, but it's a powerful kick in the pants for young love, and for words rhyming with croon and spoon. Many a filly has closed her eyes and dreamed of Tyrone Power, while mentally computing the mink jackets she could purchase as Mrs. Wilbur Q. Hogjowl, but it's a rare lass who'll come right out and admit that love is for the birds, and what she really adores is money.

We have been reared on a steady diet of dogma, to wit, that a bird in a gilded cage is a sicker pigeon than a happily mated squab who doesn't know where her next mouthful of birdseed is coming from. There was something to the effect that when the butcher-bill flies in the window, true love flies out the door, but we always downplayed it in the mating season.

I do not wish, really, to see the whole course of man-with-maid computed on a spot-cash basis. When you murmur, in the shell-pink ear of your beloved, "my what a cutums ootsums little peachcake oo is", it would be

tremendously disconcerting to have her snap back: "All very well, Bud, but what's your bank balance? That is a question for prospective father-in-laws, who are invariably typecast as villains.

There has always been a beautiful fiction, since Romeo beamed his first calf-eye at the balcony girl, that love conquered all, and even though oft proven false, it has been a happy portion of our house rules. The predication of matrimony purely on a Dun & Bradstreet rating would render jobless a lot of poets and song-writers, and add to the burden of the Wall Street chroniclers.

Drill Checks Await 10 Local Guardsmen

Drill checks are being held at the state fairgrounds armory for Robert E. Burke, Clay A. Robinson, Ransom E. Ehrenberg, James J. Leech, Julius F. Willette, James Beauchamp, Merrill L. Clish, Albert H. Deneau, Robert H. Godfrey and Edward C. Green, Captain Roy Johnson of Company C, Delta county National Guard, reports.

These men are asked to pick up

Grand Marais

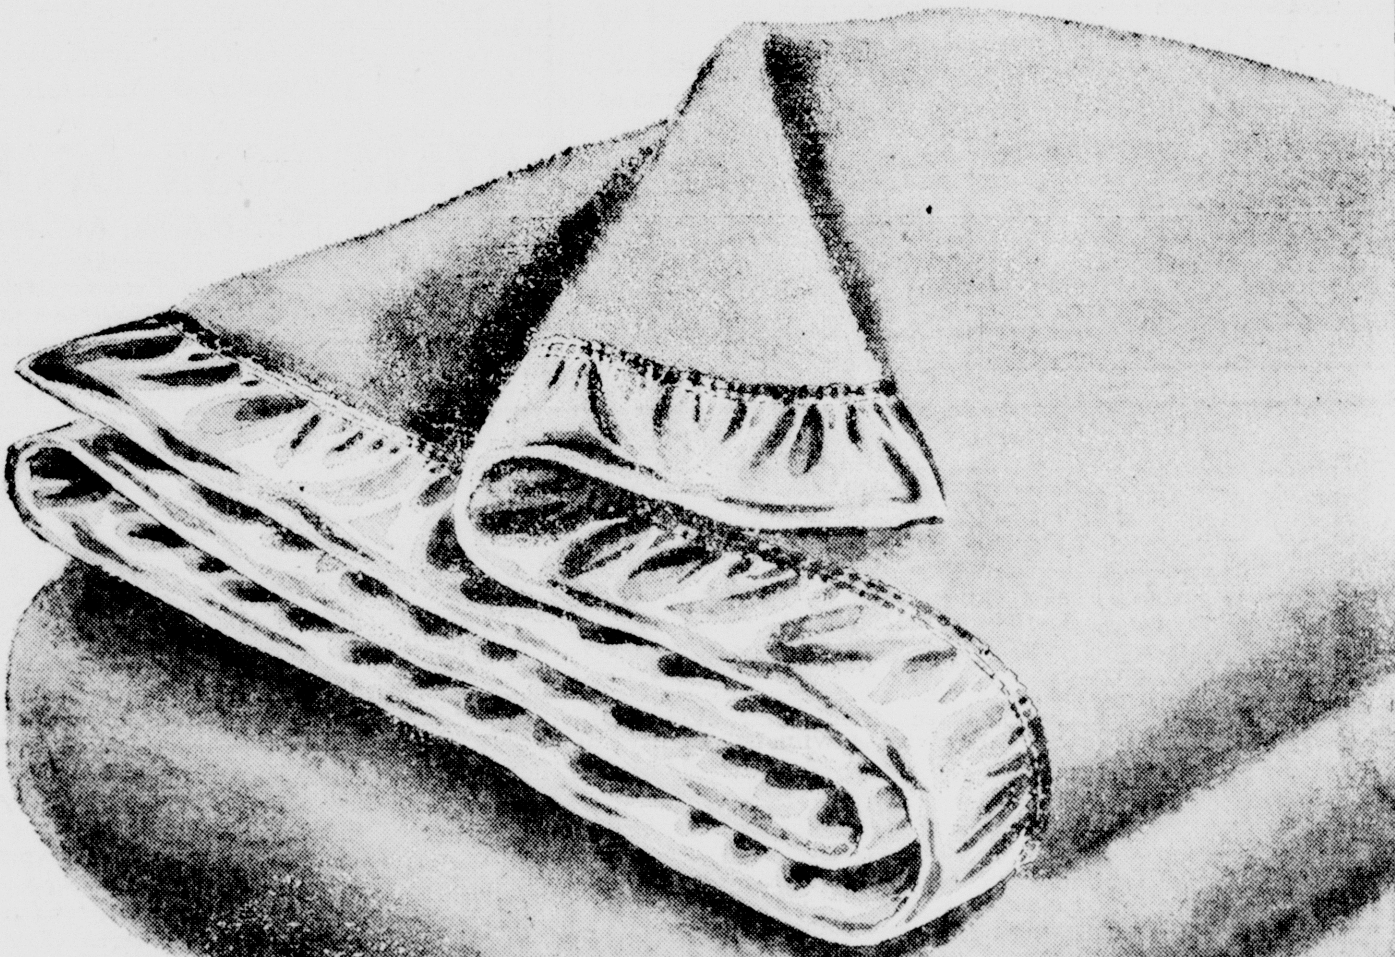

Memorial Services
Grand Marais, Mich.—The V. F. W., Grand Marais Post 6030 and the Ladies' V. F. W. Auxiliary held Memorial Day services at the Finnish Lutheran church on Sunday at ten a. m., the Rev. O. Halberg of Sault Ste Marie, officiating. Following the church services the two groups marched to the Veterans' Monument where Post Commander, Felix Pearson read General Logan's Memorial Proclamation. From here, the groups proceeded to the East Town cemetery where both the post and the auxiliary held ritualistic services, followed by the placing of flowers and flags on the graves of their departed comrades and sisters.

"Sold the first day" said Jones

their checks at the armory. Relatives of those who may be out of town are asked to telephone 533-R and report their respective forwarding addresses.

There will be no drill tonight.

PLACE FORESTS ON YIELD BASIS

Copper Range Will Do Selective Cutting

Houghton — Timber cutting on Copper Range company's 70,000 acres of forest lands in Keweenaw, Houghton and Ontonagon counties has been put entirely on a selective-cutting, sustained yield basis.

The mining company has been practicing selective cutting on its land for 15 years, but the decision to gear the annual cut to the annual growth and maintain woods operations on a permanent basis was announced only recently. The decision follows a survey in which foresters of the conservation department, U. S. forest service and Michigan College of Mining and Technology assisted company men in determining existing volume and growth rates on company lands.

Of the 70,000 acres, about 20,000 are old growth (virgin timber), 10,000 have been selectively cut already, 10,000 have been cut under minimum diameter regulations, and the other 30,000 are in the various stages of re-stocking.

Under the new plan, the virgin areas are to be cut first. Since wood production per acre is largest on bigger trees, only 30 per cent of the stand in the virgin timber areas will be cut, and sufficient trees of fair size and vigor will be left to permit the next cutting of the same ground 16 years later.

The survey indicated that growth on the areas already logged plus growth on the virgin area after it has been selectively cut will sustain an annual harvest of about six million board feet, on a 16-year cutting cycle.

The mining company's acreage produces mostly high-quality hardwoods — birch and maple suitable for veneer, flooring and furniture. It maintains no logging machinery itself, but marks trees for harvesting by operators who buy the timber on the stump.

About 75 per cent of the dyes made in the United States are used in textiles.

EHS Commencement Exercises To Be Held On Thursday

Commencement exercises for the 202 candidates for graduation from Escanaba high school will be held Thursday, beginning at 8:15 p. m., in William W. Oliver auditorium.

C. Gust Peterson, president of the Escanaba school board, will confer the diplomas, prior to which the school A Capella choir will sing.

A verse drama by Harold Silker, "They Also Serve," will be presented by seniors. The tableau, highlighted with a robed choir, depicts the difference between the impersonal "stuff" of history and actual happenings.

Taking part in the tableau are Robert Kenneally, Carl Nelson, Jack Edick, Joseph Ouradnik, Dick Freeman, John Van Enkevort, Jim Fry, Ronald Johnson, Gus Anderson, David Welch, Tom McDermott, Beverly Peters, Maye Campbell, Gilbert Bullock, Ray Berndt, Robert Maisonneuve, Theodore Gardner and Robert Makoskey.

Seniors in the speech choir are Kathleen Ambeau, Marion Birkmeier, Billie Ann Daniels, Barbara Duchaine, Joyce Elliott, Pat Frasher, Joyce Erickson, Genevieve Hanson, Ann Hendrickson, Joanne Howe, Shirley Jacobson, Elizabeth Kassen, Barbara McCormick, Lois Nelson, Betty Pearson, Kathryn Perrin, Louvaine Schils, Joyce Vanlerberghe, James Deane, William Dugener, Conrad Driscoll, Richard Cleereman, Harold Sundelius, Gerald St. Martin, Joy Hogan, Mary Ellen Johnson, Pat Tobin, James Moran, Lois Sawyer, Sally Stack, Shirley Fournier, Beverly Brisbane, Robert Larson, Jim Birk and William Perron.

The orchestra will play during the evening and the senior class will sing a hymn written by Miss Eunice Holmes, student chorale director.

Richard Wohlen is stage manager for the tableau, and is assisted by Carl Myrsten, Wayne

Memorial Day Is Observed At Rock

Rock, Mich., — The American Legion Post No. 559 of Rock gave its first public demonstration as a group on Memorial Day.

Members of the post convened at the high school at 10 a. m., and paraded to the Rock cemetery where Chaplin R. Campbell read the prayers, after which Earl Morton placed a wreath on the grave of Sulo Kivela, World War II veteran, who died in service overseas.

Salutes were fired and taps played by bugler George Wein-gartner.

The group then proceeded by bus to the Turin cemetery, where similar rites were performed. Commander Leslie Maki was in charge.

Vacation Bible School

Mr. and Mrs. Alvin McDowell from Chicago and Robert McDowell from Minneapolis spent the weekend here at the home of their parents, Mr. and Mrs. Roy McDowell.

Mr. and Mrs. Abe Nelson from Detroit are visiting here with Mr. and Mrs. Albert Nelson.

TRADES VITAL,
SAYS BABSONTraining In Mechanics
Is Recommended

By ROGER W. BABSON
Babson Park, Mass.,—Whether or not a war with Russia will materialize, no one knows. It, however, should be realized that the world is going through a great revolution comparable only to the French Revolution of over a century ago. Owing to this conflict between ideologies, those who "have" may be obliged to give up much in properties, securities, prestige, privileges, etc., to those who "have not."

Education Of Children

This is especially important to consider in connection with the education of children. Hence, Mrs. Babson and I have devoted our earnings to help the Babson Institute to train men, Webber Col-

Cooks

Cooks, Mich., — Mrs. Charles Anderson has returned to the Soo after visiting at the Joe Miller home.

Teddy Leveille left this week for Milwaukee where he expects to work.

Harry Spielmacher and George Lakosky left Tuesday for Houghton where they will work.

Word has been received from Marquette that Loretta Segerstrom, who received injuries recently, is improving but at present is in quarantine with the mumps.

Mrs. Harold Knuth of Chicago is visiting at the home of her parents, Mr. and Mrs. William Hartman.

Mrs. George Szmansky of Port Huron, who has been spending a few days with parents, Mr. and Mrs. John Haindl sr., left for home Wednesday.

Mrs. Veronica LaBresch and children of Escanaba visited with Mrs. Louise Walter this week.

Mr. and Mrs. Virgil Plemon and children of Milwaukee are visiting Mrs. Plemon's mother, Mrs. Agnes Koplinski. Mrs. Plemon was the former Lillian Leveille. They were accompanied here by Francis Leveille who is visiting his father, John Leveille.

Mrs. Schumacher of Milwaukee arrived Wednesday to visit her daughter, Mrs. John Tanguay.

lege to train women, and Utopia College in "the center of the country" to train both young men and women.

Every reader knows that the most important of all investments are in character, health and education. Everything else, whether stocks, bonds, bank accounts or real estate, can fade away. This is not saying that they will but, through taxation during peacetime and confiscation during wartime, it is constantly going to be harder for children to profit from what money they inherit from us parents. Therefore, we should keep our children in college just as long as we possibly can, and, if necessary, subsidize them in the meantime so that they can get married and have children.

What About Marriage?

We should perhaps change our ideas as to marriage, support of families and education. The present theory whereby children should get through college as soon as possible and not get married until able to "paddle their own canoe" without any help from home may be wrong. Better have them take a longer time for their education including an intensive year's course in mechanics.

In the Balkan countries, Czechoslovakia, Finland and eastern Germany, the native young people who have fared the worst under Communistic regime are the

sons and daughters of well-to-do people, many of whom have been liquidated. The poor people are better off than they ever were; but the ones who are really suffering are the sons and daughters of the upper middle-class who were living a life of more or less ease. Their parents have been stripped of their lands, stocks and bonds. Only those young people who had been trained to be agriculturalists, physicians, dentists, scientists, engineers, accountants, mechanics and other skilled workers have been protected.

Importance Of A Trade

Too many young people are going out into life inefficiently equipped manually. Most of them are helpless in putting a machine together or in operating or repairing it. This applies to almost everything from fixing a type-

writer to operating farm machinery. Hence, our college graduates go out into the world without the respect of labor. Therefore, I believe every young person should spend a year in some mechanical business or school.

Some readers may be fortunate enough to have a mechanically inclined boy or girl, but I am sure that many readers will agree with me that most children are too helpless. This is one reason which gives labor leaders the ability to threaten us with strikes and scare us with their propaganda. This is especially important for those who expect to inherit money or position. A year's training of this sort would be the very best insurance that we could possibly give our children and grandchildren.

Teaspoon Creek Is Reserved For Young Fishermen

Newberry, Mich.—Through the efforts of the Newberry Sportsmen's club, youngsters are assured of a spot for fishing, all their own. The Teaspoon creek, two and half miles south of Dollarville, has been reserved and posted for the junior fishermen's exclusive use. The creek is a slow moving stream of clear water with a mud bottom which reaches a depth of ten feet in places. Varied water plants grow in its waters and a low brush grows along its shores. It has its source in Twin lakes and after making its winding way through about twenty miles of country side empties into the well-known Tahquamenon river. The conservation department restocks it to assure good fishing throughout the season. Good catches of both planted and native trout, perch and chubs have been reported by enthusiastic young anglers. Just as the older veteran fishermen, many of the younger enthusiasts pitch a tent and spend the night waiting to begin fishing at the crack of dawn.

Program Resumed On Swimmers' Itch In Michigan Lakes

Lansing, (AP)—For the ninth year, the State Stream Control commission will conduct a snail eradication program for the elimination of swimmers' itch for Michigan lakes. Milton Adams, commission secretary, said this summer's program will be underway in mid-June. A \$10,000 appropriation by the legislature will permit two field crews to conduct the exterminations where requested. Beach owners must supply the chemicals and boats. Special

Obituary

BYRON T. COULAHAN

The body of Byron T. Coulahan, who died of a heart attack Monday, will be in state Thursday afternoon at the Alton funeral home. Rev. Fr. Martin B. Melican will conduct services at the funeral home chapel at 10 a. m. Friday and burial will be in Holy Cross cemetery. Military rites for Mr. Coulahan, a veteran of World War I, will be conducted by the veterans' organizations.

Ensign

Misses Beverly Johnson and Marlene Constantino left Friday for Rockford, Ill., where they will be employed as nurse's aids for the summer months at St. Anthony's hospital.

Mrs. Roland Bouchard and son, Brian, left Friday to make their home in Detroit, where Mr. Bouchard is employed.

A wedding shower was held Saturday evening at the Alton hall for Miss Joyce Lemerand and Hilding Brannstrom.

Mr. and Mrs. Henry Lundberg and Mrs. Alfred Lundberg visited in Chicago over the Memorial Day weekend. Miss Joanne Lundberg, who went there earlier in the week, returned home with them.

Rev. and Mrs. Engstrom of Gladstone have been conducting Bible school at the Stone Anderson school this past week. A closing program was held Sunday evening at the Alton grange hall. Miss Karen Olson visited with her grandmother, Mrs. Anna Larsson, last week, while she attended the daily Bible school.

equipment and technical services are supplied by the commission. Applications for the service should be sent to the commission until June 20 and to the Conservation equipment station, Boyne City, after that, Adams said.

Valley Forge Skipper Lazed By Arab Gifts Of Horses And Jewels

Washington, (AP)—It was just like the Arabian Nights, said Rear, Adm. Harold M. Martin—princely gifts of jeweled daggers and thoroughbred horses.

As a matter of fact it was an Arabian Night.

His aircraft carrier, the Valley Forge, was lying in the Persian Gulf while the Crown Prince of Saudi Arabia entertained the American officers royally ashore.

Admiral Martin recalled the high spots of a 41,000 mile seven-month round-the-world cruise to day before returning to New York. His carrier and the escorting destroyer will leave there for San Diego, and the end of their long voyage.

Before the admiral can accept the pair of purebred bay horses, Congress will have to give its approval. Gifts from foreign rulers are barred by the Constitution unless Congress passes a special act.

The horses are stabled back in Arabia, but the jeweled daggers—and gold watches for the crew

of the admiral's barge—came back on the carrier. They now are impounded by the State Department.

"It was a very happy cruise, and our men were welcomed enthusiastically every place they stopped," said the grey-haired, heavy-set admiral, looking back on the trip that started last October at San Diego. Some of the places visited: Australia, China, India, Arabia, Norway, England.

The trip was crammed with highspots, said Admiral Martin, but his eye lit up when he mentioned that night in Arabia.

After a native banquet which included mountains of rice and a dozen or so sheep, served by silk-robed servants, the Americans were led out to the moonlit courtyard.

Before a large gathering of natives and soldiers, two grooms brought forward a stallion and mare and the Crown Prince presented them to the dazed admiral.

"It out-Hollywooded Hollywood," said Martin, who hails from Cairo, Ill.

Movies and Radio May Be Scapegoats

Berkeley, Calif.—Motion pictures and radio too often take the rap for juvenile delinquency which might be laid at other doorsteps.

This is the opinion expressed by Dr. Harold E. Jones, professor of psychology and director of the Institute of Child Welfare at the University of California.

Studies of the role of movies and radio in juvenile delinquency, including one by Dr. Jones indicate no simple cause and effect relationship, the psychologist said.

Rather, bad radio, bad movies and behavior of delinquents and criminals are each symptomatic of underlying defects of the social system, Dr. Jones added. Each is an expression of a society that is not as healthy or as mature as it might be.

Chemical Improves Test for Syphilis

Washington, (SS)—Blood tests for syphilis are becoming more reliable, thanks to a new testing chemical discovered by Dr. Mary C. Pangborn of the New York state Department of Health. Details of the chemical and its use were reported by Dr. Pangborn this morning at the venereal disease symposium held here under the auspices of the National Institute of Health.

When a blood test for syphilis is done on a patient with malaria or a vaccinated person, the report often is positive even when the person does not have syphilis. Such tests are called "false positives." They have long been a source of worry to doctors and patients. Many of these false positive tests will be eliminated when the new testing chemical is used, it appears from results with it so far.

Cost Of Tax Refunds Leaves Appropriation Estimates Up In Air

BY WILLIAM F. ARBOGAST

Washington, (AP)—The House Appropriations committee Tuesday gave up trying to guess how much income tax refunds will cost next year.

Because of "many imponderables," the committee recommended that the treasury be given an indefinite appropriation "to assure availability of adequate funds to make payments promptly."

Normally the refunds run in the neighborhood of two to three billion dollars a year, and in the past the committee has cut the treasury's estimates and made fixed appropriations.

Today's recommendation recalled that last year Congress cut \$800,000,000 from the department's \$2,031,000,000 refund request and later had to make two additional appropriations totaling \$1,068,000,000. These boosted the total for refunds in 1948 to \$2,229,000,000.

The tax refund recommendation was part of a \$248,414,255 appropriation bill financing miscellaneous operations of the treasury and postoffice departments for the fiscal year beginning July 1. Most of the funds for the two

agencies were carried in an earlier bill.

The bill's total is \$106,791,120 below what the president had asked, and all but \$5,980,520 of the cut was aimed at the postoffice department.

The bill, due to come before the House for debate tomorrow, carries \$57,875,500 for the postoffice department and \$190,538,755 for the treasury.

In lopping off \$100,810,600 from the postal budget, the committee said much of the money originally requested was based upon an assumption of continued increases in mail business. Until there is definite proof that the present heavy volume will continue, it said, the amounts requested cannot be justified.

But the committee promised to furnish more money later if "actual experience demonstrates the need."

Of the treasury's total allotment in the bill, \$140,138,755 was earmarked for the Coast Guard and \$50,400,000 for the customs bureau.

Garden

Shower Party

Garden, Mich.—Mrs. Stanley Jacques was honored at a pink and blue shower at the home of Mrs. Edward Jacques Tuesday evening, fourteen ladies attending. Three tables of cards were in play, in which prizes were won by Mrs. Walter Whitman for first place and Mrs. William Hermes, low. The door prize was awarded to Mrs. Virgil Winter. After a tasty lunch Mrs. Jacques was presented with beautiful baby garments.

Church Party

Mrs. Clara Hynes, Mrs. Ernest Tatrow, Mrs. Gerald Bernier, Mrs. Albin Berg, Mrs. Charles Tatrow and Mrs. Ulysses Maynard were on the committee which was in charge of the party given in the parish hall Wednesday night. No refreshments were served.

Scout Activities

Garden, Mich., Girl Scouts and their mothers enjoyed an outing at Boudreau's camp Thursday evening, complete with supper. Their leader, Mrs. Leroy Winter and Miss Marcella Winter were in charge.

Personals

Mr. and Mrs. Osborn, of Reno, Nev., arrived here Tuesday to visit for several days at the home of the latter's son, Harold Goff. Miss Annie Kelley of Franklin

Mines returned to her home Monday after spending several days at the Rectory.

Mr. and Mrs. Edward Kauthen and family of Wayne arrived here Friday to visit Mrs. Mike Kauthen. They were accompanied by Van Deloria who visited his father, Joseph Deloria.

Edward Rivers of Detroit came Monday and is staying at the home of his grandparents, Mr. and Mrs. Edward Guertin sr., while transacting business in the district.

Mr. and Mrs. Delor Beaudry of Manistique spent Thursday with their daughter, Mrs. Clyde Hea-

field.

Mrs. Frank Stahl returned Wednesday from Grand Rapids and Jackson where she had visited her husband, whose occupation is of an itinerant nature.

Joan Farley, who has attended school in Green Bay, came Friday for the summer vacation.

Mr. and Mrs. Oliver Guerton and family of Arnold came Tuesday evening to visit at the home of the former's parents, Mr. and Mrs. Edward Guertin sr.

Mrs. Elmer Bonifas returned Wednesday from Vanderbilt, Mich., where she attended the funeral of her cousin, Mary Pyke,

who was killed in an auto accident Monday.

Mrs. Alpha Thibault underwent a major operation at the St. Francis hospital Wednesday. Her daughters, Mrs. Beatrice Pelletier and Mrs. Marguerite Boudreau visited her on Thursday.

The first synthetic dye of commercial importance was produced in 1856.

In 1914, only 10 per cent of the dye consumed in the United States was produced in this country.

BLOWFLIES IS BAD MENACE

Carriion-Bred Insect Is Disease Carrier

Washington, (SS) — Blowflies may continue to be health menaces even after houseflies have been virtually wiped out by DDT and cleanup campaigns, warns David G. Hall, U. S. Department of Agriculture entomologist. Since their breeding habits are different, they may escape the attacks that subdue the housefly plague, and because of their feeding habits they are even more likely to be carriers of human disease germs.

Mr. Hall tells about the blowflies and their dangerous ways in a new book, *The Blowflies of North America*, published by the Thomas Say Foundation, in which the 83 recognized species are listed and technically described.

Blowflies in general are the moderately large, usually shiny-bodied flies that swarm over dead bodies of animals, and also on carelessly exposed meats, looking for a chance to lay their eggs. The maggots or larvae that hatch out feed on the flesh until they are ready to go through the change into adult insects. Such maggot-infested flesh is said to be "fly-blown."

Most familiar of the blowflies in cities are the blue-bottles, of which there are three common species, colored blue, green and brownish, respectively. Mr. Hall thinks that these, as well as some of the other blowflies, will be given an especially good chance to breed by the present rat-killing campaign. Dead rats that workers fail to find will certainly not be overlooked by the blowflies.

Bred in carrion, blowflies feed by choice on filth, especially the body wastes of human beings and animals. That gives them an even better chance of being loaded with disease germs than houseflies are. Among the germs that a blowfly may deposit on your food are those of typhoid fever, the dysenteries, tuberculosis, undulant fever and yaws. Three Chinese scientists found that one blowfly might carry as many as three and one-half million bacteria.

Lesson In Murder

From Comic Book Fatal to Boy, 14

Johnstown, Pa., June 2 (AP)—A comic book "Lesson In Murder" cost 14-year-old Richard "Dick" Watkins his life last night, Cambria county coroner Joseph Goveckar said.

Goveckar said Dick remained alone at his home while his parents attended Junior high school exercises for his sister, Betty, 15. Dick had told his parents he would rather stay home and read his new comic book.

When the family came home, the father, Elvis Watkins went to Dick's room to tell him good-night. He found Dick dead, hanging from a clothes line over a hot water heating pipe on the ceiling.

A comic book on the boy's bed lay open to a page showing the hanging of a bandit, with the caption, "A Lesson In Murder."

Coroner Goveckar said that Dick, apparently experimenting with the manner of hanging shown in the cartoon, had slipped from his bed and fallen to his death.

CHICAGO PRICES

CHICAGO BUTTER

Chicago, June 2 (AP)—Butter, firm; receipts 1,035,998; prices unchanged.

CHICAGO EGGS

Chicago, June 2 (AP)—Eggs, steady; receipts 48,175; prices unchanged.

CHICAGO FISH

Chicago—Supplies of new fresh water fish over the holiday period were mostly moderate. Prices remained steady. Carp, jumbo 5-6 No. 1, 4-5 medium 4; large herring, bluefish 12-14; regular 6-7 lake trout, native dressed 41-43; suckers, river dressed 6-7; mullets 4-5; whitefish, Lake Superior dressed 30-32; yellow perch, native large round 22-24; native medium round 14-16.

HOW'D YOU LIKE TO WASH IT? — Long Beach, Wash., folk claim this frying pan is the world's largest. It's made of steel and weighs 1100 pounds. During a Chamber of Commerce clam bake, the pan was used to fry clams to feed more than 2500 people. That's a real horse in front of it.

Bridges Employee Hurt in Accident On M-35 at Noon

William E. Disher, of Metropolitan, employed by C. G. Bridges construction company, was injured in a traffic accident this noon on M-35, 4.4 miles south of Ford River. Disher was taken to St. Francis hospital with a head injury and x-rays are being taken to determine the extent of his injuries.

Disher was travelling north on M-35 in a pickup truck which collided with a platform truck driven by Alvin P. Ness of Escanaba, travelling south. Both trucks were extensively damaged but Ness escaped injury.

Brick Protected By New Coating

New York—Brick and other porous masonry surfaces are protected from moisture by a new semi-plastic coating, applied in a water solution by brush or spray, which becomes invisible after drying.

Unlike other types of invisible transparent surface coatings, which are usually solutions of waxes or stearates in inflammable solvents, this is an opaque, milky-white, non-inflammable water emulsion containing water-repellent organic ingredients. After application it becomes absolutely transparent.

The new product, first developed during the war and used by the armed services, is called Aquaphane and was perfected by Dr. Hugo Silbermann, an Americanized scientist from Czechoslovakia, now with International Aquella Products, Inc., Rockefeller Center. The material is not applicable to wood, metal, marble or other solid masonry work.

When applied to common brick and other porous masonry, it has long life and prevents water absorption from rain, dampness, snow and sleet.

Porcupines Chew Into Glass Bottle

Butler, Pa., (SS)—Glass-eating is not confined to a few humans with abnormal appetites; porcupines do it, too. So declares F. W. Boston, glass technologist of this city, and to prove it he exhibits a catsup bottle with a hole chewed clear through one wall near the bottom. The unusual specimen was given to him by John Hopkins, a game warden in the hills near Clarendon, Pa.

On this and other bottles bearing porcupine tooth-marks, the animal had apparently set one pair of its chisel-like incisors against the edge, and forced the opposite pair towards it with its powerful jaw muscles, loosening small chips of glass.

Why the animals should want to chew up bottles is still unguessed, unless perhaps it is an appetite for small amounts of the alkali that leeches out of the glass on exposure to the weather.

GIRL BEATS POLIO

Chicago, June 2 (AP)—Charlotte Erdman, 16, who was stricken with infantile paralysis five years ago and was not expected to live, is sporting a monogram sweater today. Charlotte won it at Morton high school for her prowess at tumbling.

DOG GIVES ALARM

Battle Creek (AP)—Aroused by the barking of a pet Cocker Spaniel, Herbert A. Sheldon and his roomer, George Bosrock, escaped in their nightclothes when the Sheldon home burned early Tuesday. The dog also escaped.

The average number of persons per U. S. dwelling unit declined from 4.7 in 1900 to 3.3 in 1940.

Seven-eighths of Ceylon's population lives in small agricultural communities.

Chinese and Indians outnumber the Malays in the Federation of Malaya.

Jobless Bus Driver Kills Two Children, Gives Up to Police

Tallahassee, Fla., June 2 (AP)—An unemployed bus driver, ill and despondent because he was out of work, stabbed his two children to death, Police Investigator John Palazzo reported, then calmly gave himself up.

Palazzo said the former bus driver, Tommy Wall, telephoned his wife from the Leon county jail where he surrendered yesterday and told her that he had killed their two children — Gloria Jean, 7, and Kenneth, 3.

Palazzo said he accompanied Mrs. Wall to the family's apartment where the two children were found dead in bed. Two bloody kitchen knives were found under the bed, the officer said.

Jailer Walter Finley said Wall told him he feared he was losing his mind and that he had planned to kill himself but had lost his nerve.

A coroner's jury planned to meet today. Meanwhile, Wall was held in the Leon county jail.

Political Calendar Starts June 21 For State Campaigners

Lansing, June 2 (AP)—Here is the political calendar for Michigan's 1948 campaigns:

June 21—Republican National Convention, Philadelphia.

July 2—Deadline for filing constitutional amendments with the Secretary of State.

July 12—Democratic National Convention, Philadelphia.

July 20—Deadline for filing nominating petitions, for state and national tickets with Secretary of State, for county offices with county clerks.

Aug. 10—Deadline for filing nominating petitions for circuit judge vacancies.

Sept. 15—State primary election.

Late September—early October—Republican and Democratic state conventions to nominate for state offices.

Nov. 2—General election day.

Stassen Advocates Sending U. S. Naval Force to Palestine

Philadelphia, June 2 (AP)—Harold E. Stassen favors sending a major portion of the United States Navy to Palestine.

The candidate for the Republican presidential nomination came out for such action by the U. S. last night in a speech at Philadelphia's arena.

He said he favored the Navy support as a means of protecting the residents of Israel from continued slaughter.

Stassen also listed "four dangers of war." They were: "1.—If America stumbles at home. "2.—If Communist aggression spreads over additional millions. "3.—If totalitarian socialist economies stagnate peoples now free. "4.—If the ideals of the United Nations on a world level crumble on the rocks of Palestine."

Rep. Mundt to Run For Senate Seat From South Dakota

Sioux Falls, S. D., June 2 (AP)—Rep. Karl E. Mundt will be South Dakota Republican candidate for the U. S. Senate this fall.

With 1,076 of 1,948 precincts reported from yesterday's primary, the co-author of the Mundt-Nixon bill held a five to one advantage.

His vote total was 39,395 against the 7,156 ballots cast for Otto B. Linstad, a South Dakota senator.

In 711 precincts, the Democrats had accorded a Truman-instructed delegation to the national convention 4,466 votes to the 3,371 cast for an uninstructed group.

RACE MISHAP FATAL

Charlotte (AP)—Head injuries suffered Sunday in a professional motorcycle race here were fatal Tuesday to Louis Lucas, 28, of Flint. He fell off his machine during the race and another rider ran over his head.

Lieut. Mikell was one of 17 P-47 pilots here on temporary duty from Georgia in connection with the filming of the new movie, "Fighter Squadron."

He took off from Escoda Air Force field with two other P-47's and was flying at 8,000 feet when he went into a spin.

Army rescue crews began dragging operations to recover the body of Second Lieut. Louis A. Mikell Savannah, Ga.

Peacetime U. S. Defense Budget Over 10 Billion

(Continued from Page One)

the world today a clear indication to would-be troublemakers of our determination to maintain the peace; it is also the means, and the only means we possess, whereby we may act swiftly to prevent the overrunning of critical areas by an enemy. * * *

"All the ships we have in the forward areas are manned with sufficient men to act in any emergency * * * the reason we have this task force * * * in the Mediterranean is to be available in the event that our occupation forces have to be evacuated."

Two separate appropriation bills — given top priority for immediate action — provide \$6,509,939,000 for the army and the air forces and \$3,686,733,250 for the navy for the year starting July 1.

Their combined total is \$505,000,000 greater than the services are spending this year and more than three times as much as the regular 1941 budgets for the armed forces.

The committee recommended a cut of 6.1 per cent, or \$241,005,450, for the navy, and 9 per cent, or \$347,903,000, for the army-air forces, from amounts President Truman had asked.

But both sums recommended are in addition to approximately \$3,000,000,000 Congress recently gave the services to buy aircraft.

The new funds are intended to build up army and air force personnel to a top strength of 1,234,500 and the navy and marine corps to 552,000.

The navy bill furnishes money to start work on a 65,000-ton aircraft carrier, largest in the world, and on a "killer ship" to combat submarines, two high-speed submarines, and two submarines of

"an entirely new character" not otherwise described.

The combined army-air force personnel strength is 302,500 more than the two services expect to have in uniform at the end of this month—a factor that underscored the priority Republican leaders have given the draft bills pending in both House and Senate.

The manpower figure compares with reported Soviet military strength of 4,000,000 men.

Prodded by high military officials to lose no time in building up the nation's fighting forces, The House Appropriations committee sent the bill to the floor for immediate action and then started work at once on the Navy's 1949 budget.

Transport Workers In Berlin Quit, Ask More Pay and Food

Berlin, June 2 (AP)—About 20,000 Berlin transport workers began a 24-hour strike today for higher wages and more food.

Nearly 4,000,000 passengers who normally use streetcars, subways or buses daily had to stay home, walk to work or take the elevated railway, which was not affected.

The American military government's bus lines were among those struck. Army trucks picked up German employees.

The British control commission closed its schools for lack of transportation for the children.

Many German factories sent buses to elevated railway stations or designated central places to pick up workers.

WHISKY VOTED DOWN

Muskegon (AP)—Voters of nearby Roosevelt turned down a proposal to permit sale of liquor by the glass in a special election Tuesday. The vote was 203 to 19.

In the same balloting, the city was authorized to acquire a water system by a count of 137 to 85.

Mr. and Mrs. Raymond Chynoweth have returned to their home in Milwaukee after spending the holiday weekend here as guests of Mrs. C. W. Bissell, 314 Lake Shore Drive. The Chynoweths are former residents of Escanaba.

BETH PETERSON

TEXTILE EXPERT—New developments in nylon, rayon, plastics and textile finishes will be discussed and demonstrated at the Homemakers' camp at Camp Shaw, Chatham, June 28-July 2 by Miss Beth Peterson home economist for E. I. duPont de Nemours and company, Wilmington, Delaware.

Miss Peterson formerly was home demonstration agent in Iowa and served for several years on the staff of Iowa state college, in charge of the clothing program of the extension service.

She will show new developments in the chemical industry which are destined to change the home. She will display the new materials and show how they will fit in the home to lighten tedious housekeeping details. Among her examples will be shrink-resistant curtains that wash quickly and easily; knitwear that resists bagging and sagging; and fabrics that are warm and strong but are not bulky.

Father Maier to Deliver Sermon

Rev. Fr. Sebastian Maier, pastor of St. Ann's parish, will deliver the sermon at the first solemn mass of Father Patrick Frankard, of Menominee, which is to be offered at the Church of the Epiphany, Father Maier's former pastorate, Sunday, June 6. Father Frankard is being ordained at the Pontifical College of Josephinum, Columbus, O., where he has completed his theological studies.

Special Service At Bark River

A special service at which brief talks will be given by pastors here for the Ev. Covenant church jubilee, Rev. Oscar F. Dahlberg and Rev. John Carlson, will be held Friday evening, June 4, at 8 o'clock at the Bark River Mission Covenant church of which Rev. John P. Anderson is pastor. A social during which the Ladies' Aid will serve refreshments will follow the meeting. All are welcome to attend.

Supplies of fat are still short and the need for fat salvage is still urgent.

have left by motor with their son and daughter-in-law, Mr. and Mrs. John L. Nolden, of Los Angeles, Calif., for Detroit where they will visit with Mrs. Ervin Nitz, a daughter of Mr. and Mrs. John P. Nolden of this city. Mr. and Mrs. John L. Nolden are enroute to their home in Los Angeles after visiting here with their parents, and his sister and brother-in-law, Mr. and Mrs. Loren Jenkins.

Ray Olson, 304 South 19th street, has left for Chicago where he will attend a managers convention, Mrs. Olson and their two children are visiting in Manitowish, Wis., with Mrs. Olson's parents.

Mrs. Harold Olson, 1013 Second avenue north, is visiting for a few days in Two Rivers, Wis., with her parents.

Social - Club

Dinner For Team
Members of the Tom Swift sponsored women's bowling team, champions of the Bark River league during the past season, were honored recently at a 7 o'clock dinner party at the Swift home. A social evening followed the dinner.

Honored at Shower
Miss Evelyn Stockemer, 302 South 15th street, bride-elect, was honored recently at a shower at Grenier's hall attended by 65 guests. Cards and other games were played. Awards in cards went to Mrs. Joseph Pryal, Mrs. John Casper and Mrs. Louise Gray. Other awards were presented to Lois Johnson, Mrs. Peter Moskum and Mrs. Alfred Bonamer. Mrs. John Olinger received the guest award. Miss Stockemer, whose marriage to William Allingham is taking place in St. Joseph church June 19, received many gifts.

Wedding Announced
Of interest here is announcement of the marriage of Carol Smith, daughter of Mrs. Allen Smith, of 1316 Wisconsin avenue, Gladstone, formerly of Wells, and Kenneth Anderson, son of Mr. and Mrs. Gust E. Anderson, Escanaba, which took place in the living room of Kappa Delta sorority house, Washington State college, Pullman, Washington, with Rev. Graves, First Methodist pastor, officiating.

Attendants were Janet Brunswig, of Seattle, a sorority sister of the bride, and Norman Ross.

The bride wore a white suit and a white hat with multi-colored flowers and she carried a white Bible, to the cover of which were attached flowers repeating the colors of her hat. Her maid of honor wore powder blue with a gold hat and a yellow rose corsage.

Mr. and Mrs. Anderson are now living at 739 Michigan avenue in Wilmette, Ill. The bride is with an advertising agency in Chicago and her husband is attending Northwestern university in Evanston.

Rebekah Party
Phoebe Rebekah lodge is sponsoring a grocery party at the I. O. O. F. hall Friday evening at 8 o'clock. The public is invited.

Dance For Seniors Of EHS Tonight

The junior class of Escanaba senior high school is sponsoring the annual dance for seniors, tonight at eight o'clock in the high school gymnasium.

On the decoration committee are Janet Oberg, chairman; Rosemary Lequia, Charlotte Gustafson, Anne Shepeck, Barbara Walch, Delores Groos, Phyllis Shipman, Dick Johnson and Robert Nichol.

On the ticket and publicity committee are Warren Gustafson, chairman; Don Carlson, Harold Pearson, Gary Abrahamson, Nancy and Mary Witham and Charles Neumeier.

Knights to Attend State Meeting

A group of Knights Templar, Escanaba Commandery, No. 47, and their ladies will leave June 6 for Battle Creek to attend the Grand Commandery meeting. In the group will be Mr. and Mrs. Henry E. Hathaway, Mr. and Mrs. Henry G. Olson, Mr. and Mrs. Theodore Farrow, Mr. and Mrs. Elmer Carlson, Dr. George A. Shaw of Manistique and Charles R. Henderson.

St. Ann School Holding Picnic

Pupils of St. Ann's school are holding a picnic today at Ludington park, an annual outing marking the close of the school year. Ninth graders of the school who received their diplomas Sunday had their banquet last evening at the Dells. The eighth graders will be graduated tonight.

Pastor Calls for Religious Unity, Fewer Churches

In a sharp attack on creedal prejudices and spiritual snobbery, Norman Vincent Peale, D. D., pastor of New York's Marble Collegiate Church, appeals in a signed article in the June American Magazine for religious unity and an end to the multiplicity of churches. Overchurching is not only absurd and expensive, states Dr. Peale, but it "tends to split communities into conflicting factions. When the ministers, Sunday schools, women's groups, and men's organizations are all in competition with one another, it is inevitable that this rivalry should breed division, false pride, and even animosity."

While granting "that there is little likelihood that Protestants, Catholics, and Jews can attain organic unity," Dr. Peale believes "there are many ways in which they can attain real unity."

In the United States alone there are 72,000,000 church members scattered among 256 different denominations and similar divisiveness also exists in at least 40 other countries, asserts the New York pastor who adds:

"The most formidable obstacle to a united world and world peace lies in the tragic divisions in religion, the church rivalries, creedal prejudices, and spiritual snobbery which separate millions of people who worship the same God."

Industry Sets Example
"A modern parable to show how religious fusion could work is to be found in the automobile industry. A generation ago, a number of different companies which made many different types of motorcars were combined into one great corporation. This corporation did not scrap all the old models and produce only one kind of car. It has continued to turn out many different models to meet the preferences of customers, but by merging companies it has vastly increased the efficiency of its operation."

"The same kind of merger in the religious field could knit Protestants, Catholics, and Jews into a tremendously powerful force for good, without any of the three faiths surrendering its tenets." Dr. Peale is convinced that "our common faith in Jesus Christ as divine head of the church was intended, not to divide, but to unite His followers against the rampant evil of the world." As proof of the extent to which division has resulted, he says that in many American towns of "less than 1,000 inhabitants there are 4 to 6 Protestant churches in competition with one another, and it is not unusual to find 30 or 40 churches in small cities of from 20,000 to 50,000 population."

"Not one modern Protestant out of 50 could tell you in what doctrinal respects Methodists differ from Baptists or Presbyterians from Congregationalists," he writes. "What keeps them apart are not well-reasoned convictions on doctrine, but vested interests, false, sentiment about sticks and stones, social stratification, and mere apathy."

Task of Laymen
Dr. Peale gives credit to the National Conference of Christians and Jews for "bringing about a steadily increasing amount of cooperation among Protestants, Catholics, and Jews" but says the task of achieving religious unity cannot be entrusted to church executives and ministers alone.

"Virtually all denomination leaders have given lip service to the principles of religious unity," he states, "but they do not possess the courage or power to put it into effect."

"The Christian religion was not spread originally by clergymen, but by a band of laymen—fishermen, farmers, a tax collector—and it is the laity who must rescue it from chaos and revitalize it today."

Covenant Church Opening Jubilee Service Thursday

The three-day jubilee, marking the 60th anniversary of the Evangelical Covenant church of Escanaba, will open Thursday evening at 7:45 o'clock with Rev. John H. Carlson, of Renovo, Pa., who served the church from 1912 to 1917, the speaker.

The services will continue through Sunday. Another former pastor, who will speak during the jubilee is Rev. Oscar F. Dahlberg, of Rochester, Mich., who served the church from 1930-36. Rev. Sigfrid O. Carlson, of Norway, conference superintendent, will be here for the observance as well as many ministers from neighboring parishes.

The Covenant parish was organized 60 years ago by Mr. and Mrs. John P. Anderson, Mr. and Mrs. Lars Anderson, Johannes Carlson and Carol Bolin. The present church edifice is the third to be built by the congregation.

Among the older members of the parish who will be honored during the anniversary services are Mr. and Mrs. John Kilstrom, Mr. and Mrs. Fred Sandborn, Mr. and Mrs. Carl Lambert, Carl Molin, Mrs. John Peterson, Mrs. Ida Stone, Mr. and Mrs. John Bergman, Mr. and Mrs. Herman Carlson and Mrs. Gust Willman.

Church Events

Central W. S. C. S.
The W. S. C. S. of Central Methodist church will meet at 2:30 o'clock Thursday afternoon. Hostesses are Mrs. Albin Green, Mrs. William Burnell, Mrs. Howard Eldred, Mrs. Ernest Martin, Mrs. Alvin Martinson, Mrs. Emil Ahlin and Mrs. John Olson.

Bethany Choir Meeting
Bethany senior choir will practice at 7:30 p. m. Thursday.

W. S. C. S. Meeting
The Woman's Society of Christian Service of the First Methodist church will meet at the church Thursday at 2:30 p. m. Hostesses are Mrs. Otto Schmidt, Mrs. John Sullivan and Mrs. Nellie Wilkinson.

Immanuel Aid Meeting
Immanuel Ladies' Aid will meet Thursday afternoon at 2:30 o'clock in the church parlors. Mrs. Ludwig Brandso, Mrs. Theodore Bohnenkamp and Mrs. Louis Eis are hostesses. The program theme is "Let Our Youth Be Won for Him." All are invited to attend.

Leaders have given lip service to the principles of religious unity," he states, "but they do not possess the courage or power to put it into effect."

"The Christian religion was not spread originally by clergymen, but by a band of laymen—fishermen, farmers, a tax collector—and it is the laity who must rescue it from chaos and revitalize it today."

THEIR 2000-YEAR-OLD DREAM COMES TRUE—Throughout the Jewish world, scenes like this occurred as devout Jews donned prayer shawls and skull caps, conned the pages of the Talmud and gave devout thanks that they had

lived to see the ancient dream of a Jewish national homeland come true. In New York's Home of Old Israel, these patriarchal elders pray for the survival of the new Israel.

ARTISTS (?) EXHIBIT (?) LATEST MASTERPIECES (?)—The Open Air Sculpture Exhibition in Battersea Park, London, brought out a flock of artists and a flock of alleged art. These two figures, "Reclining Figure," left,

and "Kneeling Figure," right (or, for that matter, vice versa), are typical. Henry Moore executed the work on the left, and F. E. McWilliam sculpted the gem on the right.

IT SHOULDN'T HAPPEN TO A DOG—"Caledonia," prize bulldog, certainly leads a dog's life. When they made him model a cock-tail-hour hat in Hot Springs, Ark., he registered this look of understandable disgust.

Man Found Toxic To Western Ticks

Hamilton, Mont.—Latest version of the man-bites-dog story is the discovery, in a Western town, of a man who is poisonous to ticks. They don't even need to bite him; if they just crawl around on his arm for a few minutes they die.

The case was first reported by a University of Missouri entomologist, Ronald W. Portman, and was later investigated more closely by James Brennan, entomologist

at the Rocky Mountain Laboratory of the National Institute of Health. Both the name of the tick-poisoning man and the name of his home town are withheld, to protect the privacy of the principal character in the story.

These particulars, however, are disclosed: "Mr. X" is a drug-store employee, 38 years old, in good health. Very moderate in his use of tobacco and liquor, he confesses to excess in coffee, of which he drinks about 20 cups a day.

Ticks crawling among the rather dense hairs on his forearm died in their tracks in a few minutes. Quickest and surest death seemed to come when they were on sweat-

J. Neu to Be Among Hoton Tech Grads

Among the list of men and women who will graduate from the Michigan College of Mining and Technology on June 7 is John Neu and the matter is of local interest in that he is the husband of the former Lois Ott, daughter of Mr. and Mrs. Orlando Ott, of Manistique.

Mr. Neu will receive a diploma in mechanical engineering.

Drunken Driver Lands in Court

William Sjöberg was fined \$50 and \$5 costs in justice court Tuesday morning after he had pleaded guilty to a charge of driving a car while under the influence of liquor.

Sjöberg had been arrested Tuesday morning on Highway M-64 by Trooper Otto Buelow of the state police. The fine was paid.

Released on Bond In Larceny Case

Norman St. John, held in the county jail since Friday in lieu of \$1,000 bail, was released Tuesday morning after the amount needed for his release was raised.

St. John is awaiting trial on a charge of larceny, being accused of stealing an electric motor belonging to the Manistique Pulp and Paper company.

Places on his skin; ticks placed on sweat-free areas often survived—though some of them were never the same afterwards. Actual contact with the skin was necessary for killing, when ticks were placed in screen-bottomed cages held on his skin they did not die.

Efforts to collect a sample of his sweat for analysis and further experiment were not successful. His toxicity to ticks thus remains something of an enigma.

Young Manistique Boy Drowns While Minnow Dipping In 'Stique River

Wayne Brunet, 10-year-old son of Russell "Shorty" Brunet, 118 Pearl street, Manistique, drowned in the middle channel of the Manistique river about 15 feet south of the foot bridge below the paper mill late yesterday afternoon.

He had been dipping for minnows with a small hand net and apparently lost his balance, slipped and fell in, officers said. A minnow bucket was found along the bank adjacent to the point where the body was recovered.

After an all-night search in which more than 20 sheriff's officers, state and city police and volunteers participated, the body was found in about 12 feet of water at 10:30 this morning by Ernest Derwin, of the state conservation department, and James Dupont, Manistique carpenter and one of the volunteers.

Using grappling hooks and other

dragging devices, workers searched the river bottom all night without success. The current is very swift in the vicinity of the search, it was reported.

The youngster was last seen by his mother about 4 o'clock yesterday afternoon as he left for the river with a minnow bucket and fishing tackle. He was alone, and when he did not return home for supper, the family became alarmed.

The body was taken to Morton's funeral home.

Achievement Test Results Are Announced

Students in Central grade school were recently given Metropolitan Achievement Tests and the three highest students in each grade in these tests is listed below:

Reading—First: Judith Mullen, Gordon Vertz, Frances Unger

Second: Janet Olson, Mary MacLean, Roger Dybevik

Third: Elwood Taylor, Laurille Asp, Sally Creighton

Fourth: Jan Ponto, James Becks, Katherine Hall

Fifth: Myrna Fish, Patsy Lindberg, Carl Brockman

Sixth: Harriet Wilson, Carole Dybevik, Carol Martinson

BIG SPRING BEAUTY MARRED

Minnow Seiners Dislodge Moss Growth

Complaint has been lodged with the Michigan Department of Conservation that the practice of catching minnows at the Big Spring has resulted in the damage of much of the natural beauty of that attraction.

The complaint alleges that those catching the minnows have stirred up the moss that lines the sides of the spring and in doing so have dislodged much of it. The result has been that this moss has been ejected from the spring and carried away by the outlet into Indian lake.

The minnow seiners have found that most of the minnows that are to be found in great numbers in the spring hide in the network of this growth of moss and are hard to get at unless the moss is dislodged.

Whether this practice is illegal, or not, local authorities have not as yet stated.

Fire Hazard On Increase in Area

A serious fire hazard exists in the area and picnickers and trout fishermen are urged to use more than usual care with camp fires and use of matches and in discarding cigarettes.

Those in charge of fire towers in the vicinity have been alerted to be on sharp lookout for any emergency. Prolonged drought is the cause of this uneasiness. Several small fires have been reported east of Marquette.

The English counterpart of the United States Medal of Honor is the Victoria Cross.

Munising News

Mrs. Cummings, 54, Of Chatham, Dies After Long Illness

Munising, June 2—Mrs. Anna Cummings, 54, a resident of Chatham for the past 18 years, died in St. Mary's hospital, Marquette, Tuesday morning after a long illness.

Mrs. Cummings was born in Butternut, Wis., Aug. 19, 1893, and prior to moving to Chatham, she resided in Nahma.

She leaves her husband, Sam; a son, Clyde Marcotte, California; three stepsons, George Cummings, of Chatham, Vernon Cummings, of Skandia, and Edward Cummings, of Marshall, Mich.; a daughter, Betty, of Chatham; a stepdaughter, Mrs. Beatrice Vogel, of Marquette; several nieces and nephews and one grandchild.

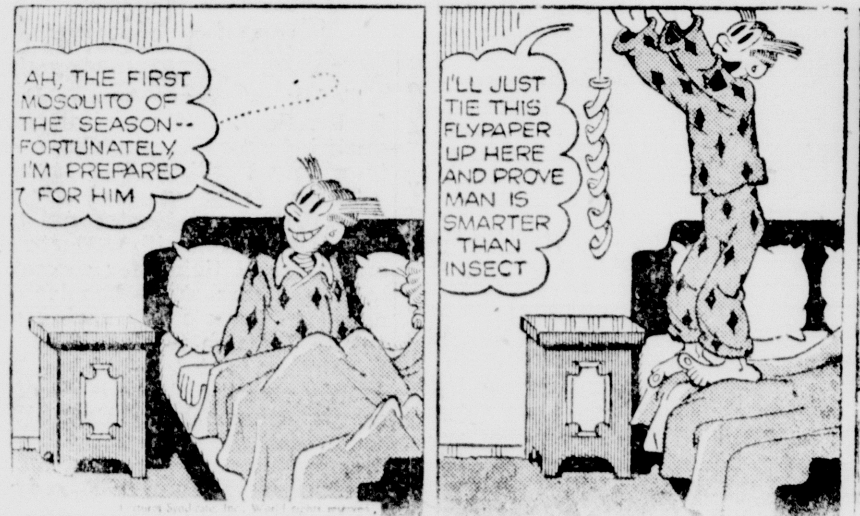

Mrs. Cummings was a member of St. Rita's church, Trenary. The body was taken to Beaulieu's funeral home, where services will be held at 9 p.m. Friday morning. Friends are advised that they may call after 8:30 Wednesday evening. The rosary will be recited at 8:30 Thursday evening.

The Rev. Gerald Harrington will officiate. Burial will be in Maple Grove cemetery.

New Street Lamps Are Being Installed

New type mercury vapor street lamps are being installed along Delta avenue from Sixth to Eleventh street. Twenty-two of the lights will be used in the five block stretch.

City Manager H. J. Henrikson said yesterday he was hopeful the remainder of the equipment needed would arrive in time so the lights could be used by July 4.

Expenditures for housing average about one-fifth of total U. S. capital expenditures.

In 1940 about 30 per cent of U. S. dwelling units had no running water.

Americans pay \$25 per capita annually for all forms of medical attention, according to estimates.

London's best protection against earthquakes is the bed of clay which lies below the city.

City Briefs

Miss Trudie Pagge, Leonard Pagge, Mr. and Mrs. Roy Pagge of Flint and Reginald Wills of Fruitport, Mich., visited here over the weekend at the David LaBumbard home.

Mr. and Mrs. Ernie LaMarche of Chicago are visiting here with Mrs. Flora LaRoche. Mr. and Mrs. William Boursaw, Detroit, are spending a two-week vacation visiting at the homes of Mr. and Mrs. Jerry Clark and John and Charles DeMenter.

Mrs. Ross Davis returned Tuesday noon from Decorah, Iowa, where she visited for the past five days. She was accompanied home by her daughter Joyce, a student at Luther College, and Thomas Ous, Minneapolis, Minn.

Miss Ann Aasve returned to Minneapolis on Monday night after spending the weekend visiting with her parents, Mr. and Mrs. W. A. Aasve, Gladstone Route 1.

Thomas D'Amour, student at the Michigan College of Mining and Technology, Houghton, Mich., spent the weekend visiting at his parental home.

Mr. and Mrs. Donald Doherty, Rhinelander, Wis., spent the weekend visiting with his parents, Mr. and Mrs. A. R. Doherty.

Billy Ketchum has returned to Milwaukee where he is employed after spending the holiday visiting with his parents, Mr. and Mrs. Lloyd Ketchum.

Mr. and Mrs. Ernest Groleau left this morning for Minneapolis, Minn., to visit with their son and daughter-in-law, Mr. and Mrs. Orville Groleau, and to attend the graduation of Mrs. Orville Groleau, from the MacPhail College of Music.

George Wilbee has returned from Detroit where he visited for several days with his sister Deljean. While away he consulted specialists.

Mrs. Joseph VanArnum and son Jene, Allegan, Mich., spent the weekend visiting here with Mr. VanArnum.

Mrs. George Prais and daughter Judith, left this morning for Chicago, to accompany Miss Judith Valind to her home there. Judith Valind has made her home with Mrs. Prais for the past year. While in Chicago Mrs. Prais will visit with Jack and Judy Mahners.

A horse cannot gallop with all four feet off the ground, except when flexed beneath the body.

DEATH CLAIMS

REV. I. SKOOG

Served Mission Church From 1922 To '27

The Rev. Isak Skoog, 80, former pastor of the Mission Covenant church of this city, died Saturday at his home in Spread Eagle, Wis., according to word received here.

Rev. C. V. S. Engstrom, present pastor, attended funeral services held yesterday afternoon at the Mission Covenant church in Iron Mountain.

Rev. Skoog came to the local church in 1922 to succeed Rev. J. O. Lomquist and he remained here until February of 1927. He was a gifted preacher and under his pastorate the membership of the church reached a new high and affiliated church organizations grew.

He returned here in 1943 for the Jubilee of the Covenant church.

Credit Given to Photographers For Student Pictures

In Tuesday's issue of the Daily Press pictures of Gladstone high school honor students were reproduced without proper credit being given to the photographers. Pictures of Doug Madden, Warren Peterson, Roberta Moore, Ed Ottenhoff, Doug Johnson, Harland Skogquist, Maxine Schram, Phyllis Nichols and Eileen Davis were by the Ridings Studio. Photos of Helen Canuelle and May Lou Brattona were by the Selkirk Studio.

Stonington School In Closing Program

The closing program for the vacation Bible school being held at Bethel Lutheran church, Stonington, will be held on the evening of Friday, June 4, at 8 o'clock. The school began Monday under the supervision of Miss Lillian Peterson of Gustavus Adolphus College, St. Peter, Minn. Assisting are members of the teaching staff of Bethel Sunday school. All are invited to the closing program.

Under the plan used, three points are awarded for a practice or appearance and one point was deducted for tardiness.

Wilfred VanDrese was first with 324 points, Ralph McGeary, Patsy Hanson and Joan Oathout had 320 each, Marlene Johnson 319, Muriel Aasve 316, Mary Ellen Sepic 312 and Larry Aleher, Pat Sullivan and Ann Sward 311 each.

One of the ten is a 7th grader, three are 8th graders, one a freshman, 3 sophomores, one a junior and one a senior.

Student Council Meets Thursday

Members of the Student Council will meet at the Scout Hut at the playground Thursday afternoon at 2 o'clock to complete plans for the Teen Age club, Zania Rivers, recreation directress announces.

Sodium-Chloride Placed On Streets

Dirt streets of the city this week are receiving a treatment of sodium chloride which is an effective dust layer. Spreading of the dust layer is being done by city employees.

PLAYGROUND TO OPEN MONDAY

Will Be Located In Park For The Present

A playground at the park will open for children on Monday afternoon at 1:30 o'clock, Zania Rivers, recreation directress announced yesterday.

The move to the park is being made as the Central playground is torn up considerably while a softball diamond and recreation house is under construction.

None of the playground equipment from the Central playground will be moved to the park, according to present plans.

Activities will consist of croquet, volleyball, story telling, general games and various playground games which are to be obtained.

Supervised swimming probably will begin about June 15 if the present warm weather continues, it was stated.

Briefly Told

ORC Auxiliary -- The Ladies' Auxiliary to the Order of Railway Conductors will meet on Thursday afternoon at 2:30 o'clock at the Alfred Valentine camp at Garth shores.

Ladies' Aid -- A regular meeting of the Ladies' Aid society of the Mission Covenant church will be held Thursday afternoon at 2:30 o'clock at the church. Rev. John Anderson of Escanaba will be the speaker. Mrs. Anderson will be heard in an instrumental and a vocal selection. There will be a program and refreshments will be served.

Women's Department -- The Women's Department of the Reorganized Latter Day Saints church will meet Thursday afternoon at 2:30 o'clock at the home of Russell Sarasin, 772 N. 16th street.

Ensign Sunday School -- Sunday school will be held at the Stone Anderson school at Ensign Sunday afternoon at 2:30 o'clock, it is announced by the Rev. C. V. S. Engstrom, pastor of the Covenant church. Members of the junior choir should be present, it is stated.

Postpone Choir -- Choir practice and the Dorcas society meeting at the First Lutheran church have been postponed until next week because of exercises being held this week in Gladstone high school.

Archers To Finish Competition Tonight

The third and final shoot in the current competition of the Delta County Archers is scheduled for this evening at 7:30 o'clock. After the shoot prizes will be awarded the high point man and high point lady entered in the contest.

Visitors are welcome.

FATHERS, SONS TO MAKE TRIP

Overnight Camp At Red Jack Lake Planned

A Father-Son overnight trip to the Boy Scout camp at Red Jack Lakes is to be made this weekend it was announced yesterday by Wallace C. Cameron, superintendent of schools.

Any father-son combination is eligible to attend. It is not necessary that the boy be a Scout or Cub Scout nor is there any age minimum. It is not necessary that the boy be the son of the father who takes him on the trip; a lad may be 'adopted' for the occasion, Mr. Cameron states.

Three meals, the evening meal Friday, and breakfast and dinner on Saturday will be had at the camp and the father will have to make provision for the meals for himself and his charge and will have to prepare the meals. He also will have to furnish bedding for himself and his boy.

He may take sleeping bags or a small tent and sleep out or the Scout camp will be open and they may sleep inside. Cots and mattresses are available.

The program will include a short trip with a conservation officer to see and inspect a beaver dam, study of stars or astronomy, and boating and fishing on the lake in the morning.

The outing is being sponsored by the Boy Scouts and fathers interested should register with either Mr. Cameron or Oscar Ohman.

Mr. Cameron is general program chairman, Charles Burton is in charge of the conservation phase and Pat Gasman will tell of the constellations.

Youngsters To Have Picnic On Thursday

Pupils of the Central Kindergarten and of Miss Helen Bier's first grade will have their school picnic on Thursday. All will meet at the kindergarten at 10 o'clock. Each child is to bring his or her own lunch.

Effective Thursday

Holiday Crowds Soar Baseball Attendance To Record Breaking Pace

1st 20,000,000
Season's Gate In
History Is Likely

BY Joe Reichler
Associated Press Sports Writer
Thanks to the crowds which jammed the parks over the holiday weekend, the major leagues today are ahead of the record breaking pace of last year when they attracted an unprecedented total of 19,874,539 spectators.

Including yesterday's games, the 16 big league clubs have played to 4,976,889 paid admissions. At a corresponding date a year ago, the same clubs had drawn 4,853,034 persons.

At this rate, the majors will play to the first twenty million attendance in its history this season. The Cleveland Indians, averaging 32,706 persons per game, are setting the pace in attendance as well as in the American league standings, with a total of 536,068 in 17 home games. The Detroit Tigers also are over the half-million mark with 514,038 in 19 home games. The New York Yankees are just below with 478,493 in 17 home games.

Joost Finally Errs
The New York Giants, first place tenants in the National league, are also the circuit's best attraction. They have played to 438,131 in 19 games at the Polo Grounds.

A crowd of 44,779 saw the Yankees inaugurate the night season yesterday at the stadium. The inauguration proved anything but a success as the Washington Senators, behind the five-hit pitching of Walter Masterson, defeated the Yankees 4-1.

Only 4,908 fans in Philadelphia saw the Boston Red Sox bump the Athletics out of first place in the American league 8-1.

Eddie Joost, Athletics' bespectacled shortstop, finally committed his first error of the season after playing through 41 consecutive errorless games—38 this season and three in 1947. The miscue ended a streak of 225 errorless chances. Both are new American league records.

Burns In Seventh
The error occurred in the third inning when Joost threw Stan Spence's bouncer into the dirt while trying to catch a runner at the plate. Two men scored on the wild throw.

Whitey Lockman and Gil Hodges drove in four runs apiece as the Giants and Dodgers played an 11-inning 4-4 tie at Ebbets Field before 9,353 fans. The game was halted after 11 innings in order to allow both teams to catch trains for the west where they open their second invasion of the season today.

The deadlock left the Giants still in first place, a half game ahead of the St. Louis Cardinals. Brooklyn is in seventh place.

No other games were scheduled in the major leagues.

**Manistique Hands
Gould City First
Defeat in Central**

Manistique, June 2—The Central Baseball league is without an undefeated team today as the result of Manistique's feat of knocking off Gould City, 8-6, in a regularly scheduled Memorial holiday weekend engagement.

Manistique got off to a big start with six runs in the first inning. This proved to be too much for Gould City to overcome although the loop leaders made a gallant effort. Holmes, Manistique outfielder, was the big man with the stick. He collected three for five.

Summary:
Gould City A B R H

**Orrie Switzer Named
To Manage Gladstone
'9' in Rainbow Loop**

Gladstone, June 2—Orrie Switzer has been named to manage the Redskins, local entry in the Rainbow baseball league, it was announced yesterday. Switzer is an old-time ball player with a good knowledge of the sport and he should prove an asset to the local nine.

BEAR PRACTICE
The Escanaba Bears, who will be out next Sunday to the fast little Dierle team that nipped Gladstone, 2-1, last Sunday, will practice at 6:30 this evening and tomorrow evening at the city field, Pete Derwin, Bear manager, announces.

PERKINS NINE WINS
Perkins, June 2—Perkins defeated Garden, 25-3, in a scheduled Bay de Noc league game Sunday afternoon. Perkins and Nahma are the only undefeated teams in the Bay de Noc league.

ESCANABA DAILY PRESS SPORTS "It Seems To Me"

BY JIM WARD

Cuff notes scratched at U. P. track meet: The Eskymo medley relay team ran a beautiful race in winning its specialty and keeping its record unsullied for the season. That's the Eskymo consolation of the entire track season—an undefeated medley team. Several different combinations were used in keeping that record intact. But the U. P. championship combination of Dick Pryal, Don Carlson, John Beaumier and Gary Abrahamson turned in the best time of 2:44.6. When "Abe" outpaced the Ironwood anchor man on the last curve, it was in the bag.

Houghton had both balance and individual power. A right sharp track team as it proved in copping the eventstakes trophy at the U. P. relays in Marquette two days after the championship finals here. Ron Nettell and Jim Tourville supplied the power. The balance? Houghton scored in every event except the 880 relay. Nettell, who looks like Jack Manders, University of Minnesota and Chicago Bear fullback, at the same age, scored 15 points. His pole vault record incidentally is 11 feet 4 5-8 inches by actual measurement. The bar was set at 11 feet 6. He gave it three good tries at 11 feet 8 but missed each time.

His teammate, Tourville, scored 13 points on a first in the low hurdles and seconds in the high hurdles and broad jump. Mike Shatusky, Menominee, topped the individual scorers with 16. Bill Frigard, Eben, was second with 15 3-4. Nettell's 15 was third, and Tourville and Don Veda of Wakefield were next with 13. Dean Lind scored all 11 of Rapid River's points.

They were splitting hairs at the U. P. track meet. Mike Shatusky's high jump mark missed the U. P. mark by one-tenth of an inch. Ron Nettell's new Class C pole vault mark was one-eighth of an inch higher than the old record. And when Keith Swing, Soo, scampered to a 24.55 in the 200 low hurdles, he beat Escanaba Jack Peterson's "old" (1947) mark of 24.6.

Lloyd Seavoy, L'Anse, tossed the shot 43 feet 7 inches in Class C to show up the Class B putters. But all the Class B huskies were 41 feet. It was close. Walter Stano, Ironwood, won with 43 feet 3 3-4 inches, only three small inches more than Dick Semke, of Menominee, in second place. That sort of close calls plagued the Maroons all afternoon as they fought to keep the Class B championship.

For instance, Mike Shatusky broad jumped 21 feet 5 1-2 inches which would have beaten George Shomlin's record, but he was over the line a bit and the jump was ruled out. At that, he had a likely first with 20-6 and a precious one more point for Jim Ripley's running Menominee total until Stanley Kasieta of Ironwood got off a 20-9 1/2 jump to win.

And then there was Billy Tappen's misfortune in the mile. He was considered a winner, but he developed an instep cramp and keeled over. Bill Pontow had a tough go in the pole vault, too. Vying with Larry Sobolewski, Ironwood ace, for first, he went 11-2 with ease and on his third try for 11-4 after Sobolewski had made it, he miscued on his timing, stopped and dropped his pole. It slid six inches over the line and had to be ruled a trial.

Kasieta, Ironwood, was very obliging to the Daily Press photographer. Asked to make an extra leap after he'd won with 20-9 1/2, he did so. It looked good, so we measured, and it was 20-9. Ament Keith Ewing's 24.55 in the low hurdles: In the morning trials, he turned a 24 flat and Paul Gustafson, of Marquette, clipped off a 24.3. Dick Nebel, son of Attorney Dick Nebel, Munising, had a tough break in the Class C low hurdles. He had it in the bag but somehow lost his footing and fell two strides from the tape. That let Tourville in first.

While on the subject of tough breaks, don't forget Gladstone in the 880 relay. Running well and looking like a win for Gladstone, Ralph McGeary tumbled to the cinders with Jim Mall, Wakefield, when he had to cross into his lane to pass the baton. It was the old story of two men coming down abreast and someone having to give to cross into respective correct lanes for the baton exchange. McGeary gave and in so doing he clipped Mall and both went sprawling. A likely Gladstone win turned into a disqualification.

At the end of the meet Jack Kraemer, Ironwood coach since 1930, was grinning like a Cheshire cat. He was his fourth U. P. Class B track championship. He won in 1932, 1940 and 1946. Jim Rouman and Steve Balle didn't have time to grin about their undefeated Eskymo medley relay team. They were too busy passing out medals—to somebody else!

Manistique Juniors Beat Rock, 3 to 2

Manistique, June 2—The Manistique American Legion junior nine defeated the Rock junior Legionnaires, 3-2, in a close, well-played ball game here Monday afternoon. Rock held a 2-0 lead going into the fourth, but the Manistique nine pushed runs across in the fourth, fifth and seventh frames.

Summary:
Rock Jr. Legion A B R H

**Garden Nine Beats
'Stique Red Birds
In Holiday Battle**

Garden, June 2—In a special attraction here Monday afternoon, the Garden nine of Bay de Noc league defeated the Manistique Red Birds of the Central U. P. circuit, 6-3.

Chalmer "Chum" LaFreniere, Garden hurler, held the Red Birds scoreless up to the ninth inning when a link developed and Strasser hit a homer that brought in three runs. LaFreniere then gave way to Jim Clement, who fanned the next three batsmen to end the mele.

Others who hit homers were Earl "Tiny" Lester and Eugene "Dinger" Gauthier. Garden made seven hits to eight for the Red Birds. Garden made four errors, and 'Stique made five.

Try a Classified Ad today. Call 693 big job.

UPSETTER—Cyrille Delanotte

above, unheralded Belgian, scrambled the middleweight situation lifting the European championship from Marcel Cerdan by taking a highly debatable 15-round referee's decision in Brussels.

Escanaba Juniors Begin Practicing

In preparation for the opening of the Tri-County Junior Baseball league next Sunday afternoon, the Escanaba American Legion juniors will practice at 6 each evening this week at the high school athletic field, Al Ness, manager and coach, announces.

All players interested in joining the club are asked to report for practice. The minimum age is 17 years. To be eligible a boy must be under 17 or have reached his 17th birthday on or after January 1, 1948.

The schedule will be announced later.

ENSIGN SEEKS GAMES

Ensign, June 2—The Ensign softball team is seeking games with out-of-town teams for either Sunday afternoon or evening play. Interested managers are asked to contact Bob Olson at Ensign. The telephone number is Ensign F-22. Ensign is a member of the Gladstone league.

THE WINNERS! — Even Barbara Britton, movie actress, had to stand in line to kiss Mauri Rose, who had just won the Indianapolis Speedway 500-Mile Memorial Day Classic. Offering her congratulations first was the winner's fiancée, Miss Ruth Wentworth, at his side. Lou Moore, owner of the winning car (second from left), is the proud possessor of the victorious one and two team that has copped top awards for two consecutive years. (NEA Telephoto)

Paper Mill Trims Taverns In Field Opening Feature

Led by heavy hitters Jim Kesler and Bert Goodreau, each of whom slapped two for four, the Paper Mill nine defeated its rival of long standing, the Escanaba Taverns, 6-2, in the feature game of the formal opening program at Memorial Field last night.

A large crowd was on hand to witness the tussle and the opening program which also featured the appearance of that eminent "battery", Mayor Robert LeMire and Attorney Denis McGinn, in pre-game ceremonies.

In the preliminary game, the K-Cs defeated the VFW, 11-0. Line scores:

Paper Mill 200 030 1 6 8
Taverns 010 001 0 2 4
Paul Larson and Dave Larson; Louie Kositzke and Bob Anderson.

K-Cs 000 622 1 11 11
VFW 000 000 0 0 5
LaCrosse and Grenier; Munson, Weber and Moran.

SOFTBALL

TONIGHT'S GAMES

Memorial Field—Harnischfeger's vs. Escanaba Township, 7:30; Nuyway Cleaners vs. Delta Hardware, 8:45.

Royce Park—Merchants vs. Birds Eye, 7:30.
Dock Field—National Guard vs. Hughes-Tomlinson.

Tomlinson Wins, 5-3

Hughes-Tomlinson defeated Clairmont's, 5-3, in a National Softball league game at Royce Park last night. The H-Ts made six hits and three errors. Clairmont's made two hits and three errors. Batteries were H-T—Cousineau and Nyquist; Clairmont's—Cournene and Beaudoin.

FRIDAY SOFTBALL

Gladstone, June 2—A softball game between the Legion and the Marble Arms originally scheduled for Tuesday night has been postponed and will be played on Friday evening instead.

Cavemen Prowled In North Africa During Ice Age

Cambridge, Mass.—Neandertal hunters, the lowbrows of the Old Stone Age, prowled North Africa while Ice Age glaciers held most of northern Europe in their cold grip. Evidence of the presence of Neandertal man in Africa has been discovered in a cave near the northwestern corner of that continent by an expedition under the direction of Dr. Hugh Hencken, director of the American School of Prehistoric Research.

The cave is one of a group known as the Caves of Hercules, because of their proximity to the traditional Pillars of Hercules, on the Strait of Gibraltar. Human fossils were limited to several teeth and part of the upper jaw of a Neandertal. These, with similar fragments found at Rabat in French Morocco by French scientists, constitute the first proof that Neandertal man ever lived in Africa. Previous finds of this extinct race have been confined to Europe and Asia.

Another race of prehistoric hunters who occupied the cave during the Ice Age have been given the name Aterians. With beautifully flaked weapons of flint they hunted such game as elephant, rhinoceros and giraffe, now wholly unknown in this part of Africa. Reason for their presence some 75,000 years ago is that while the glaciers occupied much of Europe the climate of North Africa was much more humid than it now is, so that vegetation capable of supporting such big game could grow in what eventually became semi-arid and even wholly desert land.

Baseball Stars Of Yesterday

Batting

Whitey Lockman, Giants, and Gil Hodges, Dodgers—each drove in his team's runs in an 11-inning 4-4 tie. Lockman hammered out two home runs and a single. Hodges slammed a three run homer and drove in the other run with a long fly.

Pitching

Walter Masterson, Senators—Pitched a five-hitter and retired the last 20 men in order as he hurled the Senators to a 4-1 victory over the New York Yankees.

After Eastern Tour, Tigers Inaugurate Night Ball At Home

New York, June 2 (P)—Detroit's fourth place Tigers, a better club on the road than at home, headed into a 12-game Eastern jaunt here today by facing the New York Yankees in the opener of a three-game series.

Detroit, just two percentage points up on the fifth place St. Louis Browns going into the Eastern junket, has won 19 games and lost 20 so far, but 11 of the wins were on the road and against third place New York the Bengals have broken even in four games.

Twelve games are on the Tiger schedule in the East, three with each club and four of them at night.

When they return to Briggs stadium June 15 it will be to inaugurate their new \$400,000 lighting system in a clash with the Philadelphia Athletics, the first major league game ever played in Detroit at night.

Ted Williams Climbs Into American Loop Bat Lead With .374

Chicago, June 2 (P)—Boston's Ted Williams batted 13 hits in 33 trips last week to climb back into the American league batting lead with a .374 mark.

Williams also gained in the specialized bracket. He took the lead in hits with 32, runs with 35, and added seven RBIs to boost his total to 42.

Lou Boudreau, Cleveland's ace shortstop-manager, dropped to second place in the hit parade with a .359. He slipped 37 percentage points after collecting only six blows in 27 appearances.

Al Zarilla also skidded 29 points, but took third place through Monday's games with .352. The fourth spot went to Bob Brown of New York, a newcomer to the top ten list, with 349 in 109 trips. He was followed by Walt Evers of Detroit and George McQuinn of New York with 340 apiece; Bob Dillinger, St. Louis, .331; Ken Keltner, Cleveland, .325; Vic Wertz, Detroit, .319; and Pat Mullin, Detroit, .317.

BRITISH WOMEN'S GOLF

St. Anne's on the Sea, England, June 2 (P)—Dorothy Kieley of Los Angeles, and Louise Suggs of Atlanta, won their quarterfinal matches in the British Women's Golf championship this morning and will play each other this afternoon in an 18-hole semifinal match. Miss Suggs, present U. S. links queen, defeated her clubmate from Atlanta, Dorothy Kirby, 1 up in 20 holes. Miss Kieley, whose amazing 90-foot chip shot of yesterday still was being talked of, eliminated Mrs. Joan Gee of England, 5 and 3.

171 Survive U. S. Open Elimination Tourneys

New York, June 2 (P)—The record field of 1,413 which filed for the U. S. Open Golf tournament was reduced to a cozy 171 today with most of the nation's fairway giants still answering "here."

The championship, golf's most coveted prize, will be contested June 10-12 over the Riviera Country Club at Los Angeles.

The defending titlist is Lew Worsham of Pittsburgh, who got in automatically and thus didn't have to wrangle with par in yesterday's scattered sectional qualifying trials.

The tests produced good and mediocre golf—the best from a little known pro named Jack Harden of El Paso, Tex.—, a hole-in-one and one notable casualty.

The big man who missed it was Jimmy Thomson, the veteran

tournament campaigner from Los Angeles and Chicopee, Mass., who is regarded as one of the game's longest knockers.

Thomson turned in a two-round 153 at San Francisco and fell one stroke short of qualifying as the top of 12 places went to former California and Hawaiian Champion Art Bell of San Francisco with 143.

The hottest round of the day was engineered in the torrid southwest. El Paso's Jack Harden did it with a nine-under-par 67-66—133 at Lubbock, Tex.

A large number of the country's top professionals took their whacks but couldn't match this individual performance. These included Herman Barron, Clayton Heafner, Jug McSpaden, Skip Alexander, Jimmy Demaret, Herman Keiser, Cary Middlecoff, Freddie Haas, Jr., Jim Turnesa and Johnny Bulla, who qualified with less impressive scores.

Barron, the White Plains, N. Y., veteran who won the complex Goodall Round Robin a few weeks back, had the distinction of registering a hole-in-one.

He sank his tee shot on the 141-yard ninth hole at Scarsdale, N. Y. He qualified with a 74-71—145, five over, finishing second in the district field to Willie Goggin of Purchase, N. Y., and Richard Mayer, a Mamaroneck, N. Y., amateur, who had 144's.

BUCK WHITE LEADS

MICHIGAN QUALIFIERS

Detroit, June 2 (P)—Appropriately, the Michigan Open Champion—O'Neil (Buck) White of Battle Creek—is the state's leading qualifier for the 1948 National Open at Riviera Country Club, Los Angeles, June 10-12.

White fired a pair of steady 36-35-71's for a two-under-par 142 over the lengthy Oakland Hills Country Club course here yesterday to show the way to 50 candidates for the Detroit sector's seven qualifying positions.

Bob Babbish of Detroit, an amateur, finished two strokes back in the 36-hole test with 71-73—144, even par.

Max Evans of Detroit took the third spot with 148 while Horton Smith, Jimmy Johnson and Bob Gajda, all Detroit pros, got in with 149's. Frank Pepp, Jr., of Detroit won a playoff from Amateur Frank Connolly for the seventh and last spot after they had tied at 150.

Sports Mirror

Today a Year Ago — Bobby Locke, South African star, easily qualified for U. S. Open golf tournament with 73-73-146.

Three Years Ago — Navy won the 11th annual Heptagonal track championship with Dartmouth and Cornell tying for second.

Five Years Ago—Empire City asked to transfer its racing meet to the Jamaica track.

Ten Years Ago — Helen Wills Moody lost the first match of her tennis comeback to Ruth Hardwick of England in three sets.

Hermansville Goes In For Softball

Hermansville, June 2 — Hermansville is going in for softball, too! The Hiawatha Inns, Hermansville's first softball team since 1938, will play Nadeau here Thursday evening at 6.
